clair, in which she announced that she could no longer live with him as his wife, the author of "The Jungle" announced their separation.

NAMES POET.

Later in the evening, Sinclair sent word to the newspaper that as soon as he can get in touch with a lawyer and have the necessary papers prepared he intends to sue for divorce. He blames Harry Kemp, a young poet from Lawrence, Kan., for estrangement of his wife and himself. Sinclair in his statement says:

"Kemp came to visit me at my summer home at Arden about a month ago. He was an intimate friend of mine and I had for a long time tried to find a publisher for his work, which I consider the most significant that has been produced by any modern American poet.

"He had previously met my wife when she was in a saloon at Battle Creek, Mich. At my home there quickly sprang up an intimacy to which, I found reason to object. The result of my protests was that my wife left for New York, declaring it her intention to go on the stage and be independent."

Nothing Upton Sinclair ever wrote was more romantic than his marriage. He was struggling through the College of the City of New York, writing dime novels, when a woman friend introduced him to Miss Meta Fuller. They met in Central Park and after becoming acquainted, walked there every day.

ROMANTIC MARRIAGE.

The girl was a dreamer and her ideas of art and literature quickly alienated Sinclair from his dime-novel grind and also from his studies. He took a tent far up into the St. Lawrence wilds and sat down to write a masterpiece. His tent was not ditched, and rain swept its floor. His funds melted to \$3 and his supplies to a few beans. One day he was hammering away at his manuscript when he felt a soft hand on his shoulder. Jumping up, he beheld Meta Fuller. She had come to join him in his quest of fame.

That day they were married. Then they wrote together until starvation drove them back to civilization.

TOWN FLEES FROM BANDITS.

NOSTRUMS OF REFORM.

Taft Finds Poisons in Them.

Arraigns Demagogues and Theoretical Extremists in Address to Veterans.

Mr. Taft Likens the Issues of the Day to Those of the Great Civil War.

But With the Difference That, As He Says, They Will Be Settled in Peace.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ROCHESTER, Aug. 23.—At his last public appearance before his swing around the circle on which he is expected to define the issues of the campaign of 1912, President Taft tonight announced himself unalterably opposed to the "nostrums" of reform which, he declared, demagogues and theoretical extremists have advanced for the solution of the problem of concentrated wealth in this country.

The President spoke to the veterans of the Grand Army of the Republic and found in the struggle of fifty years ago, a striking analogy to the one which, he said, now confronts this nation, although the struggle of today, he declared, would be bloodless.

"The higher aims for the betterment of society, these new evils growing out of the concentration of wealth and these combinations, which, properly controlled, are a great good in the reduction of the cost of production," said the President, "have invited from the active-minded of today suggestions of remedies that are so extreme that the medicine to many of us seems worse than the disease."

"Those of us who are charged with responsibility and sobered with difficulties, find ourselves in the middle of the road, resisting the tendency to socialism on the one hand and the inertia of reactionary conservatism with present evils on the other; but we are gradually solving the problem."

NOT FOR DEMAGOGUES.

"The present does not bring difficulties so great as you had to meet and overcome in '61. It may be a longer fight because it will not involve violence or the shedding of blood; but it must and will be solved peacefully and by the earnest effort of the level-headed, the practical and courageous among us, and by reducing the influence of the demagogue and the theoretical extremists on the one hand, and the reactionary influence on the other. Its solution will be consistent with the preservation of our ancient institutions of personal liberty and private property under the Constitution."

"The message that you bear, your experience and your success, to those of us struggling now with the problem is that, however dark at times the situation seems, so long as we retain in this country a God-fearing, sober, intelligent people, we can count in the long run upon their working out safely and sanely the problems set before them, no matter how many mistakes in the form of 'nostrums' they may have been led by the speciousness of half-baked theories of progress, no matter how often they may have been defeated in their purpose by the temporary success of undue and corrupt influence of concentrated wealth."

DISCUSSES PEACE.

Peace was really the subject of the President's speech to the veterans tonight, but he said he could not miss an opportunity to draw an

TWOOD WINS IN SHORT DISTANCE OF HIS GOAL.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SUMMARY of Atwood's St. Louis-to-New York flight:
Distance covered yesterday, sixty-six miles from Fort Plain to Castleton, with one stop.
Distance to New York, 134 miles.
Distance from St. Louis, 1181 miles.
Total time in air, 25 hours and 3 minutes.

CASTLETON (N. Y.), Aug. 23.—His biplane perched on a hilltop a mile south of Albany tonight, N. Atwood expects tomorrow to fly the 134 miles to New York in a single day.

He landed in an apple orchard belonging to an irate farmer, who protested in vain against the trespass by the aviator and the consequent ruin of his trees of fruit.

Atwood's biplane has stood the strain of the long journey well, but a slight wearing of the bearings of his engine determined him not to continue his flight today.

Tonight, his mechanicals are attaching aluminum pontoons to the biplane in anticipation of possible forced descents on the waters of the Hudson.

He expects to reach Rhine Cliff shortly before 9 o'clock tomorrow morning.

That point will mark the breaking of the international record of 1164 miles for cross-country flight, in a heavier-than-air machine, by thirteen miles.

If he reaches New York he will have covered a distance of 1265 miles, or 101 miles over the record.

Atwood's flight today of sixty-six miles, was the only day's run completed before noon.

He ascended at Fort Plain in a fog at 7:25 a.m., swept through the Mohawk Valley, "turned the corner" for the south at Albany and landed here at 9:12 a.m.

He stopped fifteen minutes, en route for gasoline, making his actual flying time one hour and thirty-two minutes.

analogy between the contents of the past and those of the present and future. He discussed briefly the arbitration treaties with Great Britain and France which the Senate Foreign Relations Committee seeks to amend and which a part of that committee labeled "breeders of war."

In this connection the President said: "I do not come before you in opposition to the Senate. I am only anxious to promote as full a public discussion of the questions now arising in respect to the confirmation of the treaties as possible, because I feel confident that a public discussion of the matter, followed by popular expression, will aid to convince a majority of that body of the wisdom of the prompt ratification of the treaties as signed."

"Those who have objected to the treaty have suggested that the organization of the high commission to which either party may secure reference of a controversy for consideration for a year, makes it a breeder of war. I confess myself unable to follow the force of such an argument. The difficulties connected with the initiation of proceedings under any treaty, and the appointment of six commissioners with the expense and worry attendant upon it, are all likely to prevent an invitation to a cumbersome negotiation of this nature when the ordinary channels of diplomacy are open."

MONROE DOCTRINE SAFE.
"Objection has been made that under the first section of this treaty it might be claimed that we would be called upon to submit to arbitration the Monroe doctrine, our right to exclude foreign peoples from our shores, or the question of the validity of the southern bonds issued in reconstruction days. The suggestions have nothing in them. The Monroe doctrine is not a justiciable policy. It is a purely governmental policy which we have followed for a century and which has been accepted generally by the countries of Europe."

"Sir Edward Grey, the British Secretary of State for Foreign Affairs, has announced publicly that the Monroe policy could not be disputed by Great Britain under this treaty and would not come within its terms."

"With respect to the exclusion of immigrants, it is a principle of international law that each country may allow those to come to its shores whom it chooses, and may reject others, and this is a subject of domestic policy with which no foreign country can interfere, unless it is covered by a treaty. But, in the absence of a treaty, it is not an arbitrable question."

The President stood on a reviewing stand for more than two hours this morning while thousands of old soldiers, many of them tottering along with the aid of friends, filed slowly by. Maj. Gen. Frederick D. Grant, Mayor Edgerton and Commander-in-Chief Gilman of the G.A.R. stood with the President.

The President left for Beverly at 9 o'clock tonight.

As the veterans on parade endeavored to keep steady to the music they presented a sight that stirred the hearts of the thousands of spectators to pity. Scores of the old soldiers could not stand the strain and dropped out before the parade reached the President's reviewing stand in Washington Square. The parade halted at frequent intervals to give the veterans opportunity to rest.

NO LAW TO PREVENT NEW YORK BANK MERGER.

Issue Raised by Controller May Become Theme of President Taft and Until Congress Acts Murray Is Doing What He Can to Make National City Company Impossible.

(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, Aug. 23.—[Exclusive Dispatch.] Although President Taft and Secretary MacVeagh would like to prevent the consolidation of the Morgan and Standard Oil banks in the new National City Company, they probably will soon have to admit that without the help of Congress they can do nothing. The query as to the legality and desirability of the combination from the administration's point of view started in the office of Controller Murray, and before it is disposed of will have been passed on by Atty.-Gen. Wickersham and President Taft.

It is impossible to make out a prima facie case of violation of any statute, as clearly the National Bank act does not forbid it.

At every opportunity Deputy Controller Kane has advocated the passage of a law forbidding any corporation to hold stock in a national bank. The act would make impossible such a close concentration as is under way.

One of the greatest stumbling blocks in the way of any plan the President and Secretary might advise is the fact that there are combinations of the kind proposed for the Morgan and Rockefeller interests in nearly every large city in the country. They have been made without any pointed fight against them by the officials who supervise the national banks. Any plan to curb the New York merger of interests could have been applied to the other combinations.

It is morally certain the concentration will furnish a text for one part of President Taft's next annual message to Congress. That body has given no need to the recommendation of the Controller of Currency.

CHECK ON THEM.
Controller Murray has gone as far as he has dared, by means of administrative orders, to place checks on corporations holding the stock of national banks.

Sec. MacVeagh sent his opinion to Atty.-Gen. Wickersham on all alliances of national banks and other corporations today.

When the issue was raised in the formation of the National City Securities Company by stockholders of the National City Bank of New York it was pointed out that other large banks, including the Continental and Commercial National banks and the First National Bank of Chicago, had alliances with savings and trust companies, organized under State laws.

The Chicago bankers, in reply, pointed out that the allied institutions were for banking purposes only, and were subject to examination by State bank examiners, which was not true in the case of the allied concern of the New York bank.

SAN FRANCISCO, Aug. 23.—Advices from Tutuila, Samoa, received today, state that as a result of an epidemic of measles in the islands of the American Samoa, 219 deaths had been recorded up to July 23, the mortality from that disease and dysentery following it, being nearly 10 per cent. of the population of the towns from which returns had been received.

DETROIT (Mich.) Aug. 23.—[Exclusive Dispatch.] Without break the administration slate went down today in the election of officers of the Loyal Moose.

William A. Alderson, Dictator of the Los Angeles lodge, made a rather showing against Ralph Donges, Camden, N. J., in the fight for the same Vice-Dictatorship, receiving 568 votes to 500 cast for Donges.

Four other candidates in the race were defeated. Walter E. Dorn, of San Francisco, practically had a walk-over for Vice Dictatorship, receiving 548 votes, nearest competitor was the Rev. John John Ryan of Needles, Cal., receiving 121.

NEARLY ADJOURNMENT.
The business was transacted to the only thing of importance being the giving out of results in the election of officers. An adjournment was taken early.

The contest which now confronts the convention is the selection of the convention city for next year.

(BY A. P. DAY WIRE TO THE TIMES.)
SALONIKI, Turkey, today states Dr. Edmund Richter, the German geographer, captured by Greek soldiers and held for a ransom of \$500, has been rescued on the frontier, and is returning to his home.

Richter was engaged in mapping Mount Olympus, under the auspices of a German geographical society, when he fell into the hands of the brigands on May 25. The rescue occurred in Turkish territory. He was escorted by Turkish gendarmes to Saloniki, where he was held for a ransom of \$500, has been rescued on the frontier, and is returning to his home.

RIVER STEAMER SINKS.

Hits a Snag Near Memphis and Sinks in Nine Feet of Water—One Man Drowned.
MEMPHIS (Tenn.) Aug. 23.—Passengers arriving early today report the sinking of the small packet Harry Lee at Brandywine Landing, forty miles north of this city, late yesterday.

The steamer carried a small passenger list and all were taken off by the steamer Eleonora, and brought to Memphis. A negro fireman is reported missing.

On leaving the landing the Lee struck a snag and settled in nine feet of water.

deaths of Mrs. Charles Peterson and Mrs. J. H. Todd, who were killed recently when an auto, driven by the dead woman's husband, was driving struck a car, recommended today that Peterson be arrested for manslaughter. Peterson is in a hospital suffering from injuries received at the time his wife and companion were killed. The jury held him responsible for the accident and he will be arrested as soon as he is able to leave the hospital. In the same accident Mrs. Louise Ensen and Miss Katherine Todd were severely injured.

COUNTIES STRIVE TO OUTDO RIVALS

Keen Interest Taken in State Fair Booths.

Los Angeles, There for First Time, Is Spur.

San Diego Promises to Outshine Neighbors.

[BY DIRECT WIRE TO THE TIMES.] SACRAMENTO, Aug. 23.—[Exclusive Dispatch.] A spirit of rivalry prevails at the State Fair ground, where the exhibits are being rapidly placed in the large buildings in preparation for the opening next Saturday. The contests in every department have caused the mechanics, most of them local men, to take peculiar interest in the work in friendly rivalry with the carpenters and decorators of neighboring exhibits.

THE CASE OF WILDE. New indictment returned in Portland Against San Diego Man, on Charge of Abetting Embezzlement. [BY DIRECT WIRE TO THE TIMES.] PORTLAND, Aug. 23.—[Exclusive Dispatch.] It is more than possible that Louis J. Wilde may never be tried on the charges in connection with the embezzlement of \$90,000 from the Oregon Savings and Trust Company, although an indictment was returned against him by the grand jury today, to replace the original indictment under which he was extradited from California.

WORLD IS GROWING BETTER

Man Who Beat Board Bill Twenty Years Ago Finally Settles With Marysville Landlord's Son.

MARYSVILLE (Cal.) Aug. 23.—[Exclusive Dispatch.] Al Peck, president of the Mechanics' Hotel in this city, has far more faith in his fellow men than formerly. Last evening a stranger approached Peck and slipped \$22 into his hand, after assuring him that he is the son of the late B. Peck, who established the hotel, saying:

"I stayed here five weeks twenty years ago when your father was conducting this place and was charged \$4 a week. Here is the amount of my account, then left unpaid by me, with \$2 interest."

The stranger left without giving his name. Peck has had experience with boarders who left without settling their bills and this experience offsets his bitterness toward them.

MOTHER'S APPREHENSION

Demands in Court Fifty Thousand Dollars Damages of Southern Pacific for Death of Her Son.

REDDING, Aug. 23.—[Exclusive Dispatch.] Mrs. Alice Vallier Howell filed suit this morning for \$50,000 damages from the Southern Pacific for the death of her son, George Vallier, who was killed on top of a Pullman car north of Redding on August 25, 1910. The law requires that a suit of this nature be filed within one year of the occurrence on which the action is based, and in this instance the suit was filed two days in advance of the expiration of the year.

For the death of Vallier, Daniel Fleming has been charged with murder and will be tried October 2. James T. Horgan, special Southern Pacific agent and John Bellus, brakeman, are joint defendants with the Southern Pacific.

CORPORATION TAX

COMPANIES DELINQUENT.

SACRAMENTO, Aug. 23.—[Exclusive Dispatch.] State Controller A. B. Nye, in speaking of the corporation tax and the companies which allowed their taxes to become delinquent, said today that 4500 are now on the list out of a total of approximately 20,000 in California. This total of delinquencies is 500 under the estimate of several days ago. Then there are numbered in the list corporations which have gone out of existence during the year.

SLOPE BRIEFS

Golden Wedding. GLOBE (Ark.) Aug. 23.—[By A. P. Wire.] Capt. and Mrs. W. H. Dunham, Wis., in 1861, celebrated their golden wedding anniversary here today. Capt. Dunham was provost marshal in New Albany, Ind., at the time of Bragg's threatened raid and later led the Union forces which captured Fort Homan, Ark., in the Civil War.

New District Forester. SAN FRANCISCO, Aug. 23.—[By A. P. Wire.] A telegram from Washington today announces the appointment of Coert Dubois as district forester, District No. 6, which embraces California and the southwest portion of Nevada. Mr. Dubois, who succeeds F. E. Olmsted, in this position, has been in the forest service connected with national forest work in this district.

Out Member Shot. BAKER CITY (Or.) Aug. 23.—[By A. P. Wire.] Mrs. Charles Boyer, cult, whose ceremonies are now under investigation, is in the hospital here, with a bullet in her brain, while her husband, Gus Fechner, is under arrest. In a moment of consciousness the woman exonerated Fechner, but was used to say who fired the shot. The authorities are trying to learn if the alleged strange ceremonies of the cult have any connection with the shooting of Mrs. Boyer.

Notable Purchase Tailored Waists \$1

Surplus Stock "Marquise" Waists and "Fisk, Clark & Flagg" Samples

Waists Worth \$2 to \$5
2000 All Told--Note Pictures

Just in Time for the Clean Sweep Sale

Just in time for every Los Angeles woman to supply herself with good, practical autumn waists in tailored styles at \$1.00, when these grades would ordinarily sell at from \$2.00 to \$5.00.

Two of the best known lines on the market are represented in this extraordinary sale. These make produce only high grade waists—nothing to retail regularly at less than \$2.00.

"Marquise" and "Fisk, Clark & Flagg" waists have perhaps never been offered in this city at \$1.00. Whoever heard of the like.

Note the pictures, then come and examine the waists. Some of linen—some of madras. Smart styles of pique, and others of beautifully embroidered lawns.

Practically all of them strictly tailored styles, and the fall season is just when such waists are most in demand.

\$1

We pride ourselves on securing these two great purchases—especially because they come at a time when tailored styles are selling rapidly, even at full price.

This certainly is a victory for the Clean Sweep Sale, and we would like every one of our customers to profit by the great economy at \$1. Second Floor.

GO TO LONDON FOR EVIDENCE.

BRIDE'S SISTERS LOOK FOR ARTIST'S OTHER WIFE.

Brother Gives New York Police Information on Which Bigamy and Perjury Charges May Be Based.

Trumbull Smith Declares He Is Sure Matter Will Clear Itself.

[BY DIRECT WIRE TO THE TIMES.] NEW YORK, Aug. 23.—[Exclusive Dispatch.] After an interview today with H. Edward Dreier, brother of Mrs. Katherine Dreier, Trumbull Smith, who is seeking the annulment of her marriage to Edward Trumbull Smith, Asst. Dist. Atty. LeRoy Ross of Kings county announced he would communicate immediately with the London police to get proof of the young artist's former marriage on which to base action on a dual charge of perjury and bigamy.

From Mr. Dreier it was learned that his sister, accompanied by another sister, Miss Mary Dreier, called August 17 for England, with the probable intention of looking up Smith's other wife and child, who, they say, is in London. Two other sisters, Mrs. Margaret Robins, wife of the Rev. Raymond Robins, who performed the marriage ceremony at the Dreier residence, No. 6 Montague terrace, Brooklyn, August 4, and Miss Dorothea Dreier, are in Chicago, leaving Mr. Dreier and Attorney George D. Beatty as the sole sources of information regarding the matrimonial misadventure that has caused such a stir in the dignified, conservative social circles of Brooklyn, where the Dreiers lived.

Mr. Dreier and Attorney Beatty have made every effort to hush the comment aroused by the announcement that the Smith-Dreier marriage notices had been formally withdrawn because of the discovery that Smith had a wife living. Four detectives from the District Attorney's office have worked on the case since yesterday, but they learned nothing of the whereabouts of any of the Dreier family until Mr. Dreier voluntarily told Mr. Ross what he knew of his affair today.

THE ARTIST'S STATEMENT. [BY DIRECT WIRE TO THE TIMES.] DETROIT, Aug. 23.—[Exclusive Dispatch.] Edward Trumbull, the painter, finally consented to show himself today.

"It is true that you have a wife in London, and that the disclosure of this fact caused Miss Dreier to return to her home?" Mr. Trumbull was asked.

"I decline to talk about it," was the answer.

"Will you make any statement at all?"

"No."

Mushroom Corns
Most Painful of All Foot Afflictions.
How to Cure Them.

The Mushroom corn is so called from its pitted top, resembling a tiny mushroom. It burrows deep into the toe and gets more inflamed than other corns. The quick relief and cure of these and all corns and callouses the following is the most effective remedy known to science. Dissolve two tablespoonfuls of Calceolide compound in a basin of hot water. Soak the feet in this for half an hour.

After drying the feet, rub the Calceolide compound into the corns and callouses. (Less time will not give desired results.) All sores and blisters disappear and the corn or callous can easily be peeled off. It may be necessary to repeat this for a number of nights for a complete cure, but if adhered to it will surely succeed. A little olive oil rubbed on the part is very beneficial. This Calceolide is a very remarkable preparation for all foot ailments and is no longer confined to doctors' use, any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually sufficient to put the worst feet in fine condition. Bad smelling feet and tender feet need only a few treatments, otherwise with infamed bunions. This item will be welcomed by persons.

LAST HONORS PAID GATES.

Hundreds Crowd New York Hotel at Funeral Services Over Late Steel King's Body.

NEW YORK, Aug. 23.—Nearly 2000 persons gathered at the Plaza Hotel today to pay their last tribute to the memory of John W. Gates. Three whole floors of the big hotel, where the late financier made his home in this city, were used. The mourners came from all parts of the country and flowers arrived by the carload from far-distant points.

The funeral services were conducted by Rev. Wallace Macmillan of the Madison-avenue Methodist Episcopal Church, assisted by Rev. J. W. Lagrone of Port Arthur, Tex.

The funeral was attended by large delegations representing the Gates business interests in Port Arthur and Beaumont, Tex., and while the ceremonies were in progress here, there were funeral services at Port Arthur, attended by persons from other Texas points touched by the Gates interests.

Crowds surrounded the hotel during the services this morning and a special detail of 200 police was on guard.

Mr. Gates' body will be kept in a viewing vault at Woodlawn Cemetery until the family decides on its final resting place.

Mr. Gates left an estate valued at \$1,000,000 to \$4,000,000, according to former Justice Henry A. Gilman, who drew Mr. Gates' will a year ago last spring. The bulk of the estate is left to his widow and his son, Charles G. Gates, equally.

There is a clause which provides that none of the property can be sold within ten years, it is said, unless one of the heirs dies in the interval. Mr. Gates' estate being that all properties in which he had invested would greatly enhance in value.

The beneficiaries under the will, which include relatives, friends and former employees, the total amount of legacies will aggregate about \$10,000,000 in bequests ranging from \$1000 to \$250,000.

WANT MORE MEMBERS.

Spanish War Veterans Will Take Steps to Enlist All Eligible—New Officers Elected in Oklahoma.

[BY A. P. NIGHT WIRE TO THE TIMES.] OKLAHOMA CITY (Okla.) Aug. 23.—Maurice Simmons of New York City was elected commander-in-chief of the United Spanish War Veterans today. Atlantic City was chosen for the next annual reunion.

The other officers elected are: Senior Vice-Commander, O. P. Storm, Dallas, Tex.; Junior Vice-Commander, Robert R. Rapp, Chicago; Inspector-General, Robert F. Silvers, Colorado; Surgeon-General, M. G. Cockey, Kansas.

A unanimous decision to make every effort to increase their order numerically was reached at today's session. Reports of officers showed that out of a field of 250,000 men the order has a membership of 46,000.

The contest for Commander-in-Chief was between O. T. Taylor of Pennsylvania, J. L. Smith of the District of Columbia, and Maurice Simmons of New York City.

WILEY VERSUS WILSON.

The Issue Is a Hot One in the Pure Food Convention in Duluth—The Election Today.

[BY A. P. NIGHT WIRE TO THE TIMES.] DULUTH (Minn.) Aug. 23.—Rival factions—those who stand for Secretary of Agriculture Wilson and those who stand for fall with Dr. Wiley in the Wilson-Wiley controversy—developed today in the convention of the National Association of food dairy departments.

While an hour after the appearance of divergence of opinion on the convention floor, two states were formed for the principal offices of the association. The election will take place tomorrow.

Members of the Wiley camp virtually conceded tonight that they had no chance to elect the president of the organization. At the same time, a hot fight will be made by the Wiley followers for the other offices.

INSURANCE MEN CALLED TO TIME.

New Legislation Wanted by State Commissioners.

Companies Arraigned and Practices Condemned.

Industrial, Health, Accident Concerns Affected.

[BY A. P. NIGHT WIRE TO THE TIMES.] MILWAUKEE (Wis.) Aug. 23.—Important legislation for the control of insurance companies doing an industrial, health and accident business is proposed in the report of the special committee of the State Insurance Commissioners of the United States made public today. The basis for the legislation proposed is given in reports on the examination of fourteen companies in which nearly 2000 settlements effected by these companies are discussed and criticized. The report says:

"Of the specific claims examined, where the amount involved is considerable, the percentage of scaled or rejected claims is high; indeed, very much too high to be explained by error of judgment or carelessness."

"The committee feels warranted in concluding that when dealing with companies doing an industrial, health or accident business, the policy-holding public of the country has too frequently been the victim of the unscrupulous practices in the claim departments of the companies classified in this report."

"Promises of reformation made at the hearings, are, therefore, not enough. This convention should take action which will guarantee just treatment of policy-holders in the future."

THE COMPANIES.

The companies under examination were:

Standard Accident Insurance Company, Detroit.

United States Health and Accident Insurance Company, Saginaw, Mich.

Massachusetts Accident Company, Boston.

Great Eastern Casualty Company, New York.

Federal Casualty Company, Detroit.

Equitable Accident Company, Boston.

Continental Casualty Company, Hammond, Ind.

North American Accident Insurance Company, Chicago.

National Casualty Company, Detroit.

Fidelity Accident Company, Saginaw.

General Accident, Fire and Life Insurance Corporation.

Wife of Wealthiest of Gary's Millionaires Forakes Husband and Goes to Work in Garage.

[BY DIRECT WIRE TO THE TIMES.] CHICAGO, Aug. 23.—[Exclusive Dispatch.] Attired in a plain blue gingham dress, through the broad sailor collar of which was knotted a simple silk scarf, and wearing a soiled blue apron to protect her skirt, Ethel Thayer Bryan, wife of Louis A. Bryan, Gary's wealthiest multi-millionaire, today worked to earn her bread in her father's garage.

"Quite a bit different from the scented air of my millionaire husband's residence, isn't it?" she asked with a smile. "I'd rather wear my fingers to the bone working for my living than be dependent for another minute upon a heartless millionaire who only wanted me for his doll—something that he could dress up to suit his own erratic tastes and show off before his friends."

King, Cleveland, O.

Los Angeles was selected as the place of meeting next year. Lee W. Squier, chairman of the Committee on Jurisprudence and Legislation, presented a report showing that the "mobile bill" had been adopted in thirteen States and put into effect practically by department rulings in three more; that of 500 decisions in court of last resort affecting fraternal insurance, 12 per cent. had gone against the societies and 28 per cent. in their favor; that twenty-two State departments had made rulings effecting the societies during the year, some drastic and some revolutionary.

The report of the committee on statistics and "good of the Order," prepared by Maj. C. W. Hawes of Rock Island, Ill., presented a valuation of thirty-seven combined societies, having \$3,740,000 of promised benefits. This promise shows that the present rates of insurance societies are sufficient to provide, on a 4 per cent. interest assumption, for about 50 cents on the dollar; that these societies have invested assets amounting to over \$40,000,000, with a combined membership of over 3,000,000; that the death rate last year was less than seven to the thousand, while the expected rate under the National Fraternal Congress table was slightly over eight.

The report also contains a mortality table worked out of the data, somewhat more favorable than the table mentioned. The cost of new members last year was found to be \$14.28 per member, including all of management.

The committee's recommendation that the convention be held at the principle of valuation and publicity, was after a long debate, carried almost unanimously.

Visiting delegates from the National Fraternal Congress, the Canadian Fraternal Association and other bodies were heard.

HEIRESS ELOPES WITH ATHLETE.

Knowledge of Wedding Just Decks Out, Although It Took Place Four Months Ago.

[BY DIRECT WIRE TO THE TIMES.] NEW HAVEN (Conn.) Aug. 23.—[Exclusive Dispatch.] The elopement which came known today of Miss Rene Hubinger, daughter of Joseph C. Hubinger, the manufacturer and turtleneck, and Alexander Timm, for two years a member of the Yale football squad, and a regular member of the soccer team for three seasons. Timm worked his way through Yale. He is the son of Rev. John Timm, pastor of the German Lutheran Church in this city.

Miss Hubinger is heiress to at least a million dollars. She was graduated from Smith College and young Timm from Yale, in June. They were married in Elizabeth, N. J., April 18.

REGULATING THE DAIRYMEN.

Los Angeles Regulations Work Temporary Hardships on the Producers of Tulare County—City Water.

TULARE, Aug. 23.—That no considerable hardship may be worked against the dairymen of this district is stated that the Los Angeles Dairy Inspector has granted to all milk producers who show a disposition to comply with the law, until September 20, in which to comply with all of the requirements of the law.

There is one feature of the Los Angeles requirements which will necessitate changes in almost every milkhouse in this district, as it is required that the milk be chilled to low temperature immediately following the milking. The cream must not be taken from the milk until after such chilling has been done, or else the cream will be cooled immediately after being separated.

As only a few of the dairies are equipped to lower the temperature to the required point, a delay has been granted, provided the rancher has a milkhouse which will allow him to keep the cream at a temperature which is a reasonable approximation of the required figure.

MUNICIPAL WATER.

Scores of names have been signed to the petition asking the City Council to proceed at once with the acquisition of the privately owned water plant, and it is generally believed that the Council will take the necessary steps to do so.

It is asked in the petition that a commission be appointed to secure a valuation of the property and as soon as the figure is determined to draw up plans for the necessary extension of the plant. When the cost of these extensions are known the city will be in a position to cover the entire cost of the plant and the extensions.

SCHOOL BONDS.

Members of the City Board of Education are at work on a second bond issue to follow the recent election in which the proposed \$400,000 bond was defeated by a small vote.

There has been a certain clamor for a smaller amount at this time, although the board has little encouragement from the board. It is believed that, if anything, the new issue will be larger than the old.

One of the reasons assigned for the loss of the previously proposed issue was the fact that the voters were not apprised of the proposed location of the property. This time it is said that the location will be proposed and it is possible that a straw vote may be taken and the new buildings for which the bonds are to be issued, will be located in accordance with that vote.

MOTHER DEMANDS VENGEANCE.

Son Killed With Rifle at Fresno and Suicide Was Theory Offered.

FRESNO, Aug. 23.—That she can produce one woman and two men who will swear on the witness stand that Francisco Rameriz, a Mexican in jail on a charge of vagrancy, admitted in his presence that he killed Fern Shelly on January 27 of this year, and that her son did not commit suicide, was the sensational statement made here today by Mrs. Robert M. Shelly, mother of the young man who was supposed to have taken his life because of the unfaithfulness of his wife.

Rameriz and Mrs. Sadie Shelly, wife of Fern Shelly, are being held at the County Jail on charges of vagrancy while the police investigate the information given them by the mother. Shelly was found dead in his front yard last January and a rifle was found under his body. The top of his head was blown off and his derby hat was carried into the next yard. Evidence at the time partly contradicted the theory that Shelly committed suicide, but the police were unable to find anything that would throw a different light on the case and the coroner's jury, after deliberating for over an hour, rendered a verdict that Shelly committed suicide.

The mother of the young man said then that she was positive her son did not commit suicide and that she would prove the fact. Rameriz was suspected of the crime by the police but he could not be found after the coroner's inquest.

About two weeks ago Rameriz returned to Fresno and Mrs. Shelly roomed at the same lodging house. The arrest was then made. Since the arrest the police detectives have learned that one night previous to the death of Shelly, he returned to his home and found Rameriz in company with his wife. Shelly beat the Mexican, and according to information in the hands of the police, Rameriz told his friends that no man could strike him in the face and live to tell the story. The police have also learned that Mrs. Shelly, Jr., took her husband's revolver and gave it to Rameriz.

The police detectives will tomorrow make a report to the District Attorney as to the nature of the evidence they found and if the District Attorney decides that the prosecution can make a case, a warrant will be issued for the arrest of Rameriz on the murder charge.

Rameriz, while a Mexican, speaks excellent English and would be taken for an American citizen.

ALFALFA LANDS IN DEMAND.

Porterville Ranch Sells for More Than Two Hundred Dollars an Acre, Establishing a New Record.

PORTERVILLE, Aug. 23.—One of the largest alfalfa lands of the present year, and one which established a record price per acre for land of this character, was sold this week, when J. C. Darr, formerly of Shattuck, Okla., purchased from Primo & Beedy their quarter section of dairy land in the Poplar district, at \$27,500 for the 160 acres, making an average price of \$237 per acre.

This entire quarter is in alfalfa and the farm buildings are of a substantial character. Mr. Darr has taken possession and will devote his attention to the alfalfa business.

"Tin Can Johnny" Dies Rushing the Can.

[Special Correspondence of The Times.]

PRESCOTT (Ariz.) Aug. 21.—Attendance upon the Moqui snake dance will be lessened this month by reason of reports of smallpox among the Indians. Reports have come of scores of deaths among the Navajos and Moquis, tribes which mingle especially at this season.

Investigation made at the instance of the Santa Fe Railroad returns a general denial of smallpox among the Indians, who are said, however, to be suffering from an epidemic of measles. Both diseases are common among the redskins. They have been vaccinated at the order of the Interior Department and the epidemics of early days now are considered impossible. Vaccination in some of the Moqui villages has had to be done by force, as the older Indians were bitterly opposed to the innovation.

In a cabin in West Prescott have been found the bodies of Robert Oran, aged 76, and William Marsden, aged 55, dead apparently from the effects of poison. Both were lying naturally in bed and there was no evidence that their end had been otherwise than peaceful. In the room was found a three-gallon fruit can, from which the men had been drinking beer and the only reasonable theory of their end is that the vessel, probably picked up in some alley, had in it some narcotic poison. The men were saloon loungers. Organ being better known by the nickname of "Tin Can Johnny."

DROWNED WHILE SWIMMING.

Jose S. Sandoval, aged 19, was drowned in Clear Creek, near Winslow, last Sunday. As he sunk suddenly while swimming, it is believed he was attacked by heart disease. The cigarette of a Mexican employee is charged with responsibility for a \$10,000 fire at Nelson Saturday in the wood yard of the Grand Canyon Lime and Cement Company. Little could be done, owing to a strong wind and 3200 cords of wood were destroyed.

Tuesday last a hurricane visited Tiger Camp in the Bradshaw Mountains, doing much damage to the old Tiger mill and to number of lighter structures.

A company of Los Angeles moving picture men is traveling in Northern Arizona, taking views of the Grand Canyon, the ruins of the cliff villages and other points of scenic beauty.

Last week the engineer and fireman of a baggage-room was entered by thieves who rifled two mail pouches that had been dropped at that point by night train.

Friday at Flagstaff, the east-bound California Limited ran into a freight train which was being pulled by a siding, wrecking a caboose and four freight cars, but doing little damage otherwise. The engineer and fireman saved themselves by jumping. A delay of six hours ensued before the train could be sent on its way.

THE TELEPHONE INSTEAD.

Preparations are being made along the Santa Fe in Arizona for the closing of a number of the outgoing telegraph offices and for the operation of trains by telephone orders going direct to the conductors and engineers. Within a month the county of Yavapai will complete its telephone line from Phoenix, by way of Williams Valley. The route is not the most direct, but is relatively level and by this city will be brought within a seven-hour ride of the capital. It is expected that this road will be used this fall by the transcontinental auto line of the West.

Westgard. Work is being prosecuted by the road engineer on the direct road to Phoenix through the Bradshaw Mountains. The famous and dreaded Senator Hill is to be surmounted with nothing more than a 6 per cent grade, avoiding the steep and treacherous road, one of the steepest and worst in Arizona.

The Northern Arizona Normal School at Flagstaff has closed its summer session and has opened its regular term.

BAD DAYS FOR DOGS AT FRESNO.

To Prevent the Further Spread of Rabies Canines Are Being Slaughtered on Sight.

FRESNO, Aug. 23.—In order to prevent the further spread of the rabies the Supervisors of this county may be petitioned by the members of the State Medical Board to pass an ordinance, requiring every dog in Fresno county to be muzzled. Considerable talk has been made about making this petition, but as yet nothing has been done. At the present time six cases are being treated by the City Health Physician. George H. Aiken, and according to a statement made by him today three of these cases will be discharged as cured in a few days.

As far as is known here no one has been bitten by a dog infected with the rabies since the muzzling ordinance went into effect. At the present time an unmuzzled canine on the public streets is a rare thing and the police have been ordered to shoot every dog on sight that is found unmuzzled unless the dog is being led by a chain.

CARLOAD OF POISON.

That the campaign in this vicinity against the spreading of rabies is being conducted methodically, was the statement made today by Dr. Simpson, who is in charge of the squirrel extermination work here, when he announced that Miller and Lux had ordered a carload of poison to be used in the killing of the squirrels. The fact that large ranch owners in Fresno county and the adjoining counties have joined in the work of eradicating the country of the rodents is a sure sign that the money expended is not doing good.

The killing of squirrels in the McKeen ranch in this county is being done by four Indians, who every day cover a portion of the large ranch and spread the poison. Thus far they have covered about 3000 acres of the ranch and the territory covered by them is dotted by the dead squirrels.

A squirrel poisoning crew is being organized on the Miller and Lux ranches and these crews are going with a regular camping outfit and are traveling through this county and through the adjoining counties on the north.

Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena. INFERIOR OIL IS FORBIDDEN.

Contractor Ordered to Quit
Work by Engineer.

Crown City Hubbub Carried
Before the Mayor.

Pastor Hughes Called East
by Friend's Death.

PASADENA, Aug. 24.—Claiming all of a quality inferior to that called for by the specifications was being used, City Engineer Van Ornum yesterday ordered Contractor Charles A. Baldwin to cease work on the improvement of North Raymond avenue between Chestnut and Villa streets. The contract provides for oil of 11 degrees gravity and the City Engineer says that both he and the City Chemist discovered that the oil used is not up to the standard.

Upon receiving the order, Baldwin hurried to the City Hall, where he met City Engineer Van Ornum, and a verbal altercation ensued, into which Mayor Thum was finally drawn. Baldwin claims that the oil he is spreading has a gravity of 10 1/2 degrees and that the action of Van Ornum will materially delay work, as oil furnished at the plant of Howard & Ott on South Raymond avenue is of the same quality and it will be necessary to produce a new supply from wholesale dealers.

Baldwin further maintained that it is the province of the Street Superintendent and not the City Engineer to pass on material used. He was promptly told by Van Ornum that if he went ahead and put on more of the oil he had been ordered to stop would not be accepted by the city.

The contractor expected to finish the work yesterday. The northern half of the street is awaiting the final coat of oil, while the second coat has already been applied to the other side.

PASTOR GOES EAST.
Dr. Matt J. Hughes, pastor of the First Methodist Episcopal Church, who was about to leave for his vacation, yesterday abandoned all thoughts of pleasure and hurriedly departed on the Santa Fe train, bound for Kansas City. He is sacrificing his recreation, and making the trip half-way across the continent, that he may officiate at the funeral services of an old friend, Nathaniel Dickey, who died there last Tuesday night.

Dickey was founder and president of the Dickey Pipe Manufacturing Company of that city but retired from active business several years ago. He was a member of the Independence Avenue Methodist Episcopal Church of Kansas City, of which Dr. Hughes was pastor before he came to California. The friendship between the two was very intimate. Even knowing the manufacturer was dangerously ill, and notified daily by telegraph as to his exact condition, the news of Dickey's death was a heavy blow to the Pasadena minister.

Dr. Hughes the day previous addressed an audience of 3000 persons at the Southern California Baptist Assembly in Long Beach. His subject was, "The Fine Art of Living," and he made the assertion "that it is more profitable to live a poem than to write one."

GETS LARGE DEER.
C. A. Duesler, proprietor of the Carlton Hotel, yesterday brought to the city one of the largest deer killed so far this season. It is a 216-pound buck, which he shot at 500 yards in the Pacific Mountains, near Acton, last Wednesday afternoon. Other hunters in the party were Mrs. Duesler, Miss Hattie Ogden and Dr. S. A. Bristol, son of Sgt. Bristol of the City Police force. Bristol shot a 15-pound buck. He is still in the mountains. The other members of the party returned yesterday.

BELIEVED INSANE.
John Thomas Hartshorn, of No. 113 Bellvue drive, was taken into custody yesterday by Constable Austin on a warrant served out by his wife, Mrs. Josephine Hartshorn, who declares her husband is insane. She says he labors under the delusion he has not been trusted by several lodges of which he is a member, with all the secret information he should possess, and that because of this hallucination, he performs queer antics. He was taken to the County Hospital in Los Angeles for examination.

GOVERNMENT ACTS.
Another government forest ranger will be detailed to patrol the district north of Mt. Lowe, which comprises a portion of the Pasadena watershed. Word was received here yesterday from Superintendent Charlton that an appropriation to provide for the extra ranger has been made, and that this man will patrol the area known as the "Pine Flat" district.

This will mean that a place where a possible fire is most dreaded will be patrolled by two men, instead of one, as has been the case.

CITY BRIEFS.
Over 250 men, women and children will take part in exercises which are to be held at the Carnellita playgrounds tonight. The exhibition has been arranged by George Swarthout, who has charge of the playgrounds and will be given on the tennis court. Seats will be provided for 1000 spectators.

The following are among those residents of Pasadena who have temporarily taken their abode on the summit of Mt. Wilson: Miss Eva Wentworth, F. L. Burton, Charles Farrell, D. O. Wickizer, H. W. Sample, Mrs. W. B. Fay, Mrs. Catherine Fay, Miss Mary Hammons, William Hall, Herbert Davis, Mrs. P. D. Hoyle, Miss Lena Newman, J. P. Peters, Mr. and Mrs. A. P. Hill, Miss Florence Davis and Miss Ruby Hazel.

Dr. and Mrs. W. L. Bartow of Pasadena, who have spent the summer in Santa Monica expect to return home September 1.

Mr. and Mrs. Robert Neustadt of this city have returned from a motor trip through Southern California.

Dr. Bern Richardson and Prof. Harlow Richardson, brothers of Cedar Rapids, Iowa, are visiting Claude Braden of No. 521 Belvidere avenue.

AGED WOMAN HAS BAD FALL.

Visitor At Venice Slips on Skylight and Crashes Through to Lower Floor.

VENICE, Aug. 23.—Stepping out on a skylight thinking it was a solid floor, Mrs. L. I. Pringle today went crashing through the glass into the office of the Venice Realty Company. Her right arm was broken in two places and her left leg was also fractured.

Mrs. Pringle, who is a visitor from Fairfield, Iowa, had been taking an ocean bath and a clothes line stretched over the skylight impressed her as being a good place to hang out her suit to dry. Mrs. George Shibley, whose office is underneath the skylight, was greatly frightened when the body of the woman fell within a few feet of where she was sitting.

Owing to the advanced age of the victim of the accident, there is considerable doubt as to her recovery.

Justice of the Peace McDonald of this city are both away on vacations, and he is sitting for them, Justice Dunham now has the care of three courts to attend to.

Pasadena will supply a large part of the crowd which will attend the general picnic of the State societies, to be given at Sycamore Grove in Los Angeles, September 9.

Mrs. Irene Morris will speak on "Reasons for Equal Suffrage," at a meeting to be held under the auspices of the Citizens' Suffrage League this afternoon at the home of Mrs. S. D. Yeo, No. 1719 East Colorado street.

Today will be the last bargain day of the summer to be held under the auspices of the Pasadena Merchants' Association. A large number of out-of-town shoppers are looking for a bargain.

Acting on complaints recently received, the Pasadena Humane Society has begun an investigation to determine whether burros used as pack animals on the mountain trails near the city are overloaded.

N. K. McCarver of Venice was in Pasadena yesterday conferring with Woodmen of the World, which is the log-rolling contest which is to take place at the beach city September 4.

Col. John Sullivan, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, is expected in Pasadena the first part of next month.

**PACIFIC ELECTRIC PICNIC
WAS TREMENDOUS SUCCESS.**

REDONDO BEACH, Aug. 23.—This was "Pacific Electric Day" here and the ocean front and amusements were thronged with picnickers. The employees of the company. The third annual outing, the most successful and largest, was held today. More than 4000 of the men of the shops and their families attended and spent the day in amusements and an outing.

Everything owned by the railroad company was free today to its employees and everything that could add to the pleasure of the picnickers was carefully arranged for by the management. Free transportation, free bathing privileges and suits, free dancing and free coffee and lemonade at the big noon dinner were enjoyed by the large crowd that thronged the beach.

Special trains on both Pacific Electric lines here began arriving early in the morning and continued to arrive until the middle of the afternoon. By a special order of General Manager J. McMillan the cars were run later than usual, that the crowd might stay as long as they pleased.

A party of the officials of the company arrived at noon in General Manager McMillan's special car. The party had dinner at Heppner's, Terry's and then joined in the fun of the outing. In the party were Vice-President Paul Shoup, president emeritus of the Picnic Committee; General Manager J. McMillan, Chief Counsel Judge J. W. McKinley, Chief Manager D. W. Pontius, Manager Outside Operations C. H. Burnett, Manager Mechanical Department Fred M. Small and Mrs. Small, General Agent, Traveling Agent E. L. Taylor, Assistant Chief Engineer E. C. Johnson, Superintendent Southern Division W. T. Maddox, Special Clerk, general manager, H. L. Metcalf, G. L. Bugbee, land agent, Superintendent Western Division W. C. White.

MONEY PRIZES.
Prizes from a \$100 stove down to a box of cigars were given for the long programme of athletic events which was in charge of J. A. McGraw, chairman of the General Committee. The Executive Committee of the picnic was as follows: President, Fred R. Tyler; secretary, A. E. Stevens; treasurer, A. Nolan; vice-presidents, E. L. Taylor, A. L. Manahan and A. F. Foster.

That the committee agrees with those in some things at least was evidenced by the fine prizes offered for the best family prize. Mrs. C. C. Salimbeni for first place, Mrs. R. P. George and Mr. and Mrs. George were other prize-winners in this event.

T. Coates of the blacksmith department was presented with a handsome stickpin as he was selected by a committee of women as the homeliest man in the crowd. Mr. Coates thanked the committee and proudly displayed the stickpin won by his lack of pulchritude.

A ball game between teams of the Pacific Electric mechanical department and the General office was won by the office men by a score of 2 to 1.

LONG BEACH. MORE TEACHERS ARE EMPLOYED.

LONG BEACH SCHOOL IS GROWING IN IMPORTANCE.

Year Book Now on Press Indicates a Marvelous Development in the Interest and Scope of Work. City Club Has An Idea About Railroad Building.

LONG BEACH, Aug. 23.—The year book of the High School is on the press and will be issued within a few days. As the fall semester of the new Polytechnic School will open in about ten days, considerable interest is manifested in the curriculum, which will be offered in the new building.

There will be twelve courses of study offered, including letters, social and natural science, commerce and agriculture, engineering, forge and foundry, cabinet making, architecture, dressmaking and millinery, domestic science and art, surveying, commercial and a special two-years commercial course. The first, second and third courses prepare for the University of California, Stanford, and all colleges and State Normal schools, which admit on the certificate plan. Courses four to twelve do not regularly prepare for college, but may be made to do so with modifications, which may be made with consent of the principal.

Nearly all of the courses include English, algebra, Latin, history and physics, and most of them include spelling, a study in which experiments last year showed students somewhat deficient. There will be a Thanksgiving recess, a Christmas week and institute week, New Year's, Decoration Day, Fourth of July, Thanksgiving Day and Christmas will be observed as holidays. On other holidays schools will have special exercises in celebration of the particular occasion. The first semester ends January 26, 1912, and the second begins three days later. The High School last year thirty-one teachers were employed and this year thirty-six will be necessary, to whom will be paid salaries amounting to \$19,414. The present salary of the High School property is \$267,990, acquired within the past year. Heretofore the High School district rented from the grammar school district.

UNION FAVORED.
The City Club, a semi-political organization, believes that a union of interests with Los Angeles and a municipal railway will be of mutual benefit and at a meeting last night a resolution was adopted empowering the selection of a committee to confer with the city officials regarding the building by Long Beach, of a connecting link of four miles of railway connecting the city's municipal tracks with the Los Angeles municipal road at Wilmington. They believe this would result in

cheaper passenger and freight rates between Long Beach and Los Angeles.

ASK FRANCHISE.
Compelled to ask for a franchise for their pier at the foot of Golden avenue, the Barndollar-Keller syndicate has made changes in its plans and expects to ask for two piers each 100 feet wide and 300 feet apart, extending 300 feet into the ocean, where they will be joined by another pier 500 feet wide and 700 feet long. There will be a ten-foot promenade around the entire outer edge of the pier and the central portion will be devoted to amusements. In the space between the pier shoreward will be still water and this will be used for boating and bathing.

PERSIAN SPEAKS.
The attraction at the World's Spiritual congress today was an address by Dr. Fares, a native of Persia, who spoke of the great Bahai religious movement, which is stirring up his native land, to a full realization of the principle of brotherhood.

Tonight Rabbi Isidor Meyers gave his final lecture on "The Melting Pot," and John Slater appeared with new tests and messages.

NOTED VISITOR.
At the Baptist assembly this morning a noted visitor was President I. T. Thomas of the Twin Lakes Baptist Assembly, in the northern part of the State, who spoke briefly. During the balance of the week the morning sessions will be given by S. Frasco, Longford of Sacramento, a former newspaper man. Rev. A. W. Rider and Dr. Gelselt also took part in the morning sessions.

NEWS BRIEFS.
The school board last night awarded to the Acme Iron Company of Los Angeles the contract for installing fire escapes on the Atlantic Pine and American-avenue school buildings. Their bid was \$2214, about \$500 less than the bids of two other Los Angeles companies.

Beginning today the main line cars on the Pacific Electric line northward bound, between the hours of 3 and 6 o'clock in the afternoon, will leave 5 minutes earlier. The return trips from Los Angeles will not be changed.

Unable to reconcile the evidence given in the case of H. Joslyn, charged with working a crippled mule, Justice Underwood today adjourned court to make a personal investigation of the animal and assisted by a veterinarian decided the mule was sound and free from pain and dismissed the complaint.

Monsieur O. Prokowitz, of New York, who was once a first mate on Count Zeppelin's big dirigible air ship, Zeppelin I, and now said to be under contract with the Wright Bros., is spending a short vacation in Long Beach and is a guest at the Havenscroft.

John J. Fisher, who came here six months ago from Phoenix, Ariz., died this morning at his home on Pasadena avenue. He was a native of Illinois, and 61 years of age. He leaves a widow.

Theodore N. Sackett, aged 75, died this morning at his home on East Fourth street from illness incident to old age. He was a native of Connecticut, and leaves a widow and four children.

Whittier.
**WILL REDUCE
PRICE OF GAS.**

WHITTIER TRUSTEES ORDER A NEW ORDINANCE DRAWN.

Allegation Is Made That Whittier Pays More for Gas Than Any Other City of Its Class in Southern California—Man Who Threw Rock Found Guilty.

WHITTIER, Aug. 23.—After several unsuccessful attempts to force the Southern California Edison Company to reduce the rates charged on gas and electricity in this city, and succeeding only in securing a slight reduction in the price of electricity, the City Council has again taken up the gas question. City Attorney Holton has been instructed to draft an ordinance which will make it a penal offense for gas companies to charge the consumers of this city more than \$1.10 per 1000.

The present rate is \$1.35, a rate which is higher than any other city in Southern California, with the exception of three smaller cities who are paying \$1.60.

The gas rate question has been under discussion for some time and investigations have been made of the problem which showed that Whittier has been charged too much for gas. The matter has been thoroughly gone into by the Council, the cost of manufacturing gas ascertained, and the result is that the very company is certain that the Southern California Edison Company can supply this city with gas at \$1.10 and still make a good profit.

FOUND GUILTY.
Arthur Stowe, who was arrested last Wednesday on complaint sworn to by Joseph Hanson charging him with assault, came up for trial in Justice Ellis's court this morning.

The defense did not attempt to prove that Stowe did not throw the stone which struck Hanson while he was riding a motorcycle on the county road. Stowe testified that he threw the stone, not seeing the approaching motorcycle, and that Hanson, traveling at a high rate of speed, ran into it.

The jury brought in a verdict of guilty this afternoon, but recommended a suspended sentence. Stowe will receive sentence Friday morning.

NEWS BRIEFS.
Miss Ruth Underwood suffered a severely sprained wrist and fractured a bone in her right hand yesterday afternoon while at the Methodist Sunday-school picnic at the San Gabriel River. Miss Underwood was taking a part in a foot race for young ladies when the accident occurred. She tripped and fell, twisting her right arm under her body.

Lytle McGee, who was injured in the triple motorcycle accident last Friday, is still at the Whittier Hospital, in a serious condition. McGee has not regained consciousness. Slight hopes are entertained for his recovery.

No other resort equals Coronado.

Filing Date Extended.

Notice was received here yesterday to the effect that the State Board of Railroad Commissioners had extended the time for the Southern Pacific to file the valuations of its property in

PERRIS IRRIGATED FARMS

Big Profits the Rule

Big profits are the rule in the fertile Perris Valley. Ordinary field crops bring remarkable returns. Potato growers, with two crops a year, net \$200 to \$250 per acre. Onions run as high as \$600 an acre, and sweet potatoes as high as \$400. Fruit growers net handsome profits, from apricots, peaches, apples and pears. Reliable concerns contract these Perris Valley fruits for years in advance, at handsome prices. Thus markets are assured. I've secured some excellent prices for this Valley, south of Riverside and close to the city of Perris, at this on very easy terms—little as \$5 per acre cash and \$10 per acre monthly. With values all over the Valley steadily advancing, this is the best "buy" I know of. In fact, if you get in now you can obtain a profit, even though you let your land lie uncultivated. I will send you soil samples and get my interesting facts and figures arranged Free Excursions so that you can see the land for yourself. Come in and get details about this excellent business proposition.

San Pedro. MAMMOTH RAFT IS BREAKING UP.

STEAMER FRANCIS H. LEGGETT MEETS ANOTHER GALE.

Approximately Ten Million Feet of Lumber in Form of Log Raft Promises to be Lost on Account of the Heavy Seas—Second Disaster of the Season.

SAN PEDRO, Aug. 23.—Wireless messages received indicate that the big log raft owned by the Hammons Lumber Company with which the steamer Francis H. Leggett, Capt. Hall, left Astoria several days ago is in grave danger of going to pieces, as did the first one the steamer attempted to tow to San Francisco, this season, and scattering the ocean highway with innumerable logs, everyone of which will constitute serious menace to coastwise navigation. The steamer Buckman and Charles Nelson reported by wireless that the craft had broken adrift and was showing signs of breaking up. The Leggett is standing by.

There is no more capable seaman on this coast than Capt. Hall of the Leggett, but it takes more than seamanship to handle safely a tow so unwieldy as a log raft when heavy weather comes along. The first raft lost by the Leggett this year contained 8,000,000 feet of lumber, and went to pieces when one of the chains broke during a hurricane gale. The second raft was towed successfully from the Columbia River to San Francisco. This time the raft got away during a northwest gale. The wireless messages report a heavy sea running and grave fears are entertained for the safety of the raft. The Leggett and the runaway raft were thirty miles south of Cape Blanco and about eight miles off shore at 10 o'clock a.m. Monday morning.

In addition to her mammoth tow the Leggett is carrying 1,000,000 feet of lumber for the National Lumber Company, at Terminal.

SENATOR GATES IS BILLED.

Will Address Pomona Suffragettes in the Interest of a Sexless Ballot. News Briefs.

POMONA, Aug. 23.—Rev. Dr. Robert J. Burdette has notified the committee in charge of the mass meeting to be held at the Fraternal Aid Theater tomorrow evening that he will be unable to address the gathering because of ill health. Accordingly, Hon. Lee C. Gates has been secured in Dr. Burdette's place. Mrs. Shelly Tolhurst of Los Angeles will also address the meeting in the interest of the "votes for women" cause.

The following Pomona citizens are favorably interested in equal suffrage, and the success of the meeting, the purpose of which is to acquaint voters with the merits of the question: Hon. Charles G. Neely, J. W. Wilkinson, J. E. Smith, J. E. Brady, J. Albert Dole, Allen P. Nichols, Franklin Blades, C. H. Lee, W. H. Poston, H. G. Tinsley, F. Davis, John K. Wright, C. M. Stone, F. P. Firey, Dr. A. ST. LOUIS FIRE. ST. LOUIS, Aug. 24.—[By A. P. Night Wire.] The east approach to the Eads bridge caught fire from a burning warehouse in East St. Louis yesterday. Mayor Lambert of East St. Louis who rode to the scene on a coal wagon, directed firemen to the scene and directed firemen in extinguishing the blaze. The warehouse was destroyed, the damage amounting to \$250,000.

ARMY INSPECTION TOUR. WASHINGTON, Aug. 24.—[By A. P. Night Wire.] In order to become better acquainted with the stations of the country, Secretary of War Stimson, accompanied by Gen. Leonard Wood, chief of staff of the army, will start on a trip of inspection of army posts and fortifications September 15. They will visit the southern defenses in the South and the Texas and Arizona frontier, the scene of the army's activity during the Mexican revolution. They will go as far west as Fort Huachuca and Apache, Ariz., returning to Washington via Fort Riley and Leavenworth, Kan., where the service schools will be inspected.

FLASHES. By Wire to The Times Yesterday. NEW YORK. The wholesale price of beef soared to a new high level in New York today. As announced at various local wholesale centers, the price of choice beef is the highest in the history of the market. It is now 16 1/2 cents a pound, as compared with 12 cents on January 1. The advanced price was attributed to the scarcity of good cattle in the West, and to the fact that most of the stock is now being sent to the East.

CHOKES GIRL'S ASSAULT. MANSFIELD (O.) Aug. 24.—[By A. P. Night Wire.] An unidentified man was choked to death last night by the companion of a girl whom he attacked. Walter Clover, a florist, and Miss Hortense Shafer of Belleville were seated in a park when a man covered them with a revolver and ordered them to accompany him across the adjacent railroad tracks. Under threat of death they complied, but when their escort was mentally of his guard, Clover seized him around the neck and choked him to death.

FIVE UNIONS OF SHOPMEN VOTE BIG RAILROAD STRIKE. [BY DIRECT WIRE TO THE TIMES.] CHICAGO, Aug. 24. (Thursday). [Exclusive Dispatch.] A morning paper today says: "Excited over the discharge of thousands of men on the Harriman lines, five unions of shopmen, recently refused a joint conference, have voted to strike. All day yesterday telegrams to various international officials were received, demanding that they sanction a walkout immediately. The international presidents, who have had no knowledge that the situation had become so serious, hastily called a meeting to be held Monday in Kansas City. The telegram calling the meeting reads in part as follows: 'This matter has reached a serious stage and it is absolutely necessary that the international officers meet and decide upon the steps to be taken and advice to be given all crafts alike. If we do not act at once the men will take it in their own hands.' This telegram was sent to International Presidents Michael O'Sullivan of the Sheet Metal Workers, Pitts-

burgh; J. W. Kline, Blacksmiths, Chicago; J. A. Franklin, Boilermakers, Kansas City; James O'Connell, Machinists, Washington, D.C.; and F. M. Tye, Railway Carmen, Kansas City. Added to this is the danger of a strike of shopmen on the Illinois Central, another Harriman line. Ninety per cent. of the federated trades have voted and 80 per cent. favor a strike if officials of the company refuse to meet a committee and make a joint agreement. At Galveston it is not believed the men can be got to work until Monday. It is estimated that 8000 shop employees will be involved on the Sunset lines.

The following are given as the lines upon which the employees have voted to strike: Union Pacific Railroad, Southern Pacific Railroad, Central Pacific Railroad, Oregon Short Line, Houston and Texas Central Railroad, Oregon Railroad and Navigation Company, San Pedro, Los Angeles and Salt Lake Railroad. "Eighty per cent. of the shopmen of the Illinois Central Railroad have voted in favor of a strike. Ninety per cent. of the employees voting."

Appalling. TWO BOYS BURN TO DEATH; WOMAN FATALLY INJURED. Residence of James Clark at Ontario Burns After Midnight and Two Lose Their Lives in the Flames—Woman Leaps from Second Story Window and Is Terribly Injured—Origin of Fire Unknown.

ONTARIO, Aug. 24.—Fire tonight destroyed the residence of James Clark at No. 420 West Grove street, and Douglas Clark, 17 years old, and Everett Davenport, aged 9, were burned to death. Mrs. James Clark, mother of one of the victims, leaped from a second-story window and was terribly injured in addition to the burns which were also severe. Mrs. Frank Clark, a daughter, who lived in the neighborhood, ran into the burning house to try to aid the trapped victims and before she could be taken out she too was severely burned.

The origin of the fire is a mystery. The structure was almost a solid mass of flames when it was first discovered and the fire department which was called at 12:15, was unable to do anything to save the house or the inmates.

WORK OF HOODLUMS. NEWPORT (Monmouthshire, Eng.) Aug. 23.—[By A. P. Day Wire.] The anti-Jewish rioting at Tredegar and adjacent towns was almost entirely the work of hoodlums, who have obtained a strong foothold in those places because the forces of police stationed there are small. Jews who suffered attacks were among the most respected of the town's people and they indignantly deny the charges of demanding high rents and so far as can be ascertained, the complaints against them of exacting ex-

cessive prices.

San Bernardino. PRAYS GOD TO LET HER DIE. Wife of Accused Dentist Wants Death's Peace. Sobbing Child Calls Attention to Mother's Needs. Whereabouts of Dentist Not Divulged by Sheriff.

San Bernardino. [BY DIRECT WIRE TO THE TIMES.] SAN BERNARDINO, Aug. 23.—[Exclusive Dispatch.] Praying to God to let her die and so end her sorrows, with the lifeless body of a little child just born resting close by her bed, Mrs. A. W. McDavit, wife of the dentist now in jail awaiting a hearing on the charge preferred after the finding of Miss Jessie McDonald in her rooms in the Byrne building in this city where she had been held a hypnotic prisoner for fifteen months, lies on a narrow cot at the County Hospital the victim of a broken heart. Physicians in attendance hold out little hope for her recovery, stating that the worry of the past week had been too much for her already weakened system. Since the arrest of the dentist a week ago, tonight, the wife and children have been absolutely alone, save for the visit of an occasional friend, so much alone, in fact, that her condition was not suspected until late last night, when a neighbor was aroused by the sobbing of little Harry McDonald who, in his childish treble, implored some one to "come and help mamma." Frightened because she talked so strangely, the little lad, with loving intuition knew that something must be done, and so ran to summon assistance. Mrs. McDavit was found moaning and raving in her bed, where she had been for several hours, and at first thought it was thought that her reason had fled, but soon after being hurried to the hospital she became the mother of a lifeless child, and from that time on began to regain her reason. This, however, was only an added torture, for it brought back to her all of the thoughts and fears that had pressed upon her, and since that time she has prayed continually that death might come and relieve her and her little ones. That poverty and want had a great deal to do with her present condition is openly expressed by those who know of her, it being stated that she had been hoarding the little money she possessed against the day when her little ones would otherwise suffer for food. Her delirious was so great that she barely touched food the past several days. Her suffering is so acute that even the station at the hospital, a nurse who has seen dozens of suffering women, is grief-stricken for the little woman, who, despite all the wrong that has been done her and her children, still maintains her determination not to desert her husband, because of the children she has borne him. Intimation has been given as yet by the Sheriff as to where he took McDavit last Saturday night when he was forced to remove him from the County Jail here in order to insure against the probabilities of his being taken from his cell and lynched.

Profits Certain as Death

Shares are selling at \$10.00 per value in this land syndicate which is conducting its business along conservative lines, and starting with a gift-estate property. It will realize its profits along the old, safe, and absolutely reliable road to wealth—based on the increase of land value.

- Land bought at low price
- Land rented, cultivated, improved
- Land placed under complete ditch system
- Land increases in value
- Land finally sold at large profit
- Profit divided among stock-holders

This outlines the plan of the company. It has 10,100 acres of land with an abundant supply of artesian water. Each acre will be entitled to an equivalent of 15 inches of yearly rainfall. You know there is nothing new in this plan and that it is sure to make money. Your own business experience will fully vouch for this. The new feature is that the small investor, or he who wishes the benefits of a land investment without devoting time and attention to the details can secure through our stock investment, full pro rata profits.

Shares are now selling at par, \$10.00 per share, and the price will be advanced. You can pay cash or buy on installments. Cash price \$5 per cent. interest. Paid up installment shares draw full dividends which will be paid from rentals before the land is sold.

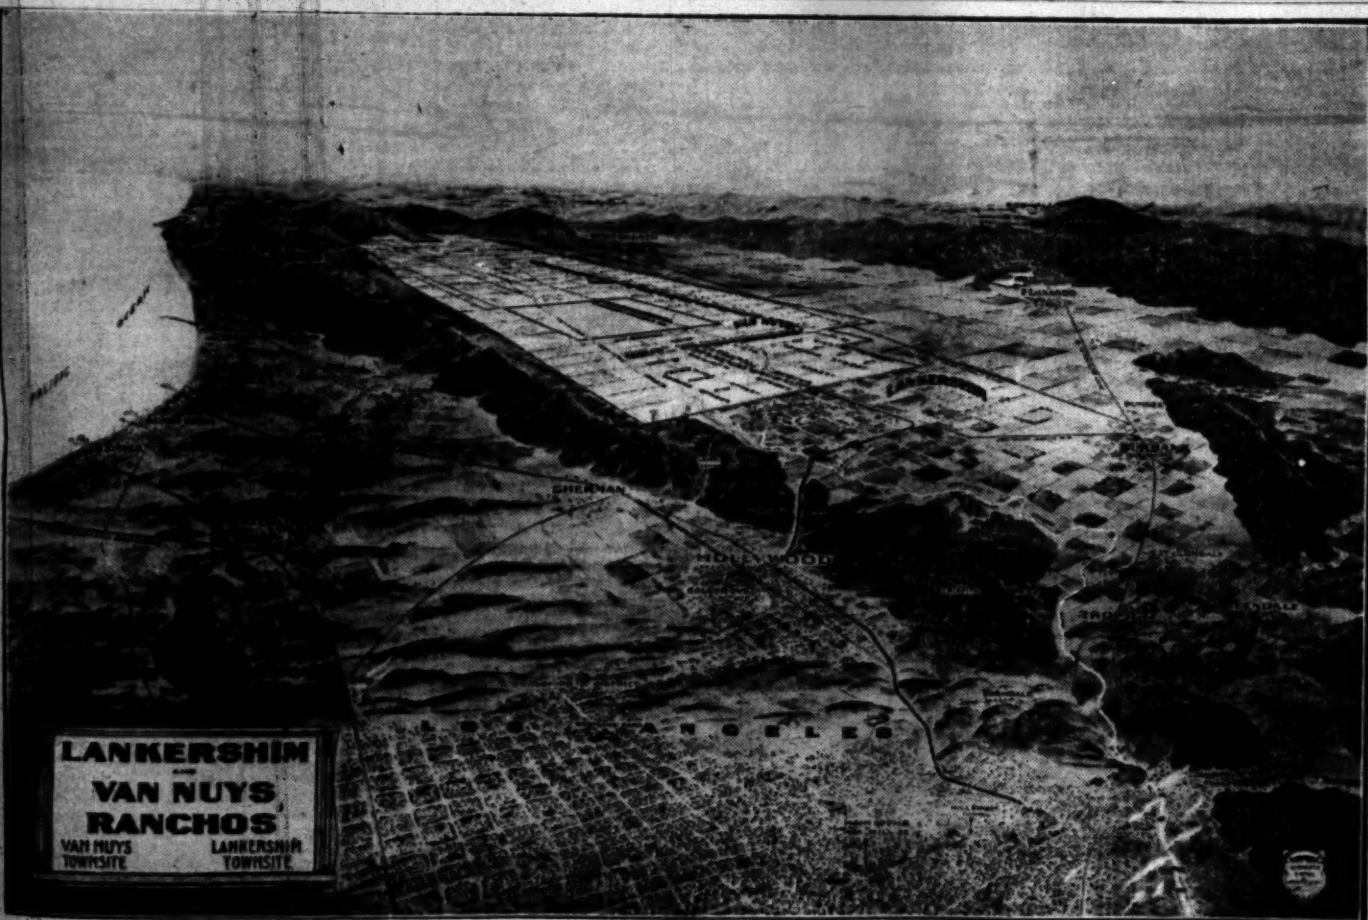

\$10.00 For A Nest Egg

\$10.00 will make a first payment on 20 shares and balance can be paid \$1.25 per month. The final worth of the land will bring the value of your 20 shares up to \$100.00 or more, and you can pay for the stock in small sums you will never miss.

NEWS IS TOLD THROUGH 'PHONE.

SERVICE IS TO BE INSTITUTED IN THIS CITY.

Scheme Which Has Been in Successful Operation in Hungary for Two Years Is to Be Introduced to America Through Los Angeles. Events, Lectures, Operas at Home.

Los Angeles is to be the first city in the United States to boast a "telephone-herald," or in English, a telephone-herald service, which has been in operation in Budapest for a number of years, and which has more than 80,000 subscribers.

Plans for the new telephone service have been completed by W. A. Grimes, who arrived at the Alexandria yesterday from San Francisco, and several years ago he was inspector-general of rubber plantations for the British government. His marriage to a Japanese girl, which has been in the news for a number of years, and which has more than 80,000 subscribers.

The telephone-herald has in its telephone, by which the ordinary business of the telephone is not at all interrupted. Through this can be sent to the service of the

telephone-herald, which consists of a daily recitation of current events, the news of the day, stock quotations, theatrical and fashion notes, music, readings, lectures, vaudeville, opera and concerts.

"In Budapest, where the service has been in operation for more than two years, the people have accepted it with acclaim, even the Emperor, Francis Joseph, being an enthusiastic patron," said Grimes. The telephone-herald is a combined news, music and electrical service, by which a man may sit in a chair in his home or lie abed and hear all of the latest events of the world, listen to a lecture, a concert by an operatic diva through the telephone. An entire performance at a theater may be heard, and I have already made arrangements for the installation of our microphones in three of the local playhouses. These catch every sound, and transmit them unfailingly.

The first demonstration of the new telephone-herald service will be made in about a week as soon as the instruments wire connections and receivers have been prepared, Grimes stated.

WATCHES WITH SCANTLING.

Negro Watchman Resents Intrusion of Mexican Seeking Firewood and Lays Him Out—Is Caught.

While removing firewood from a building being erected at Santa Fe avenue and Seventh street last night, Pateo Denava, a Mexican, living at No. 2623 East Seventh street, was struck on the head with a scantling by William Cramer, a negro watchman.

After rendering the Mexican unconscious, the negro attempted to escape by boarding a passing car, but was overtaken by Deputy Sheriff Talbot in the police automobile. In defense of his act, Cramer, asserted that the Mexican had tried to cut him with a knife during the dispute, and exhibited scratches on the arm. Both men were held pending further investigation.

LURED BY GIRL CRAZE.

(Continued from First Page.)

wouldn't be home for some time. He shipped the car East and made preparations for a year's sojourn abroad. The son states that he was made acquainted with the facts and kept a watch on him from the time he left the El Tovar until he reached Paris. For several weeks Hall's associates in the oil business did not know where he was and were greatly concerned about his absence. He wrote them from Boston, telling them he was going to England for a short rest and vacation.

"CRAZY ABOUT GIRLS."

"There isn't anything to this case except that my father is crazy about girls," said F. D. Hall, the son, at his pretty home in Hollywood yesterday. "Father is nearly 60 years old, and for several years he has had a soft spot in his brain about women. He had an idea that he could win almost any girl, and often came home and told my mother that he was in love with such and such a girl. He was always very selfish at home and didn't think about anyone else but himself. "My mother has remained brave through it all. She tried for thirty years to make him happy, and this is her reward. My father endeavored to have mother divorce him a year or two ago, but when she told him that she was willing if he would permit her to base the complaint on statutory grounds he refused, and nothing has ever come of it.

DIVORCE PROBABLE.

"In all probability, at a later day, my mother will file suit for divorce, but not until the financial and other phases of the case are arranged to her satisfaction. My father has made a great deal of money in the past twenty years in oil and real estate, but has spent thousands of dollars foolishly."

Miss Bennett, when seen at the

played, denied that she knew Hall or Mrs. Struve, but finally admitted that she knew him, but only slightly. Later she admitted stopping at the Grand Canyon, Kansas City, Chicago, New York and Boston with Mrs. Struve and Hall, but said everything was entirely as it should be.

"Yes, we stopped at various hotels with Mr. Hall, and went abroad on the same steamer with him," she said. "We liked his company; he enjoyed being with us, and there was nothing more to it. We saw a great deal of him while abroad, and he treated us grand, but we paid all of our expenses going and coming.

"Some of my enemies have been spreading these scandalous stories about me for some time, and I am getting tired of it. Mrs. Struve and myself are good friends, and Mr. Hall has been kind to us in many ways, but only as an old friend.

"The report that we bled him is outrageous and unqualifiedly false. We never asked him for a penny all the time we were with him. They say he gave us diamonds and jewelry. That isn't true. All of the diamonds we wore on our trip we purchased with our own money.

"Mr. Hall's relatives have it in for Mrs. Struve and myself and are making it very unpleasant for us. We had a dandy time across the water, and sometime Mrs. Struve and myself are going again. That is all I have to say."

Hall's secretary stated yesterday that he is out in the country resting up. He did not know his address or have any idea when he would return to his office.

Mrs. Hall and several friends are at Lyon's Hot Springs, some distance back of Shepherd's Inn. She will return to her beautiful home at No. 226 Andrews boulevard the latter part of September.

Imported to catalogue and index plays received by mail, and authors are assured their manuscripts will be carefully protected from dust and wear.

Five-proof vaults are being installed in the basement of the Auditorium for the purpose.

Bill, however, requests that postage accompany all manuscripts, not that he has any intention of returning them, but as a contribution to the aged actors' fund. These donations will form a pension fund for the Auditorium company after all plays received are produced.

Warning is given that sufficient plays are now on hand to occupy the time of the company until December 20, 123456789 A.D., and that royalties are not payable until plays are produced.

The production of "The Captain" at the Auditorium has been postponed until September 4, and to fill in the intervening week two performances will be given of each of the four plays already produced. This means that "A Gilded Fool" will be continued for Monday and Tuesday evening performances, "David Garrick," given at the Wednesday matinee and evening, Thursday and Friday the bill will be "An American Citizen," and at the Saturday matinee and evening performances "When We Were Twenty-One" will be repeated.

There will be changes in the cast of these plays, and especially noticeable will be the appearance of Louise Gluskin, who takes the place of Fay Bainter. In "A Gilded Fool" Miss Gluskin will appear as Nell Ruthven, the banker's niece. In "The Lost Sheep," which is given in the same bill as "David Garrick," she will be the younger daughter of Farmer Newcomb. In "An American Citizen" she will make her appearance in the garb of an office boy, and will close the week in the character of one of the gladiators in the third act of "An American Citizen."

"The Darling of Paris," alleged to be the biggest act ever sent West in vaudeville, is underlined to head the Orpheum bill beginning next Monday. The act is said to be a vital and thrilling French pantomime, with music and dancing, and the company is headed by Mlle. Corio, the little Parisian who was here some months ago in "Ma Goece."

Leopold, the royal confederator, and Nederveld's Simian Jockey will be the other new acts. William H. Thompson in "The Wise Man"—a classic in itself—Dan Burke and the wonder girl, "The Darling of Paris" and Patsy Doyle remain.

The orchestra will embrace "Manon" and "The Pink Lady," and the weekly motion picture review will show, among other things, the investiture of the Prince of Wales, the proclamation of George V. as Emperor of India, the airship race from New York to Philadelphia, views of equal up-to-dateness, in the greatest numbers participating, it is said, there being no fewer than four thousand persons in actual view on the stage.

The Lyceum announces for its next show, beginning Sunday, a new play of music and mirth, "Fascination," which Impresario Armstrong says is one of his best. All the principal players in it and there are three scenes required to tell the story. Some new songs, including one by Mr. Armstrong, will be introduced. The play will also be largely in costume.

Other acts on the new bill will be the Flying Russell, with their feat of bringing to the Empress a bill headed by the French character actor, Edouard Jose, who with his associate players will be seen in the powerful one-act play, "Father," by Henri Bernstein. This is the first American tour of Mr. Jose. He is supported by a company of five, among them being Clay Clement, Jr., son of the late Clay Clement of honored memory.

The Lyceum announces for its next show, beginning Sunday, a new play of music and mirth, "Fascination," which Impresario Armstrong says is one of his best. All the principal players in it and there are three scenes required to tell the story. Some new songs, including one by Mr. Armstrong, will be introduced. The play will also be largely in costume.

Other acts on the new bill will be the Flying Russell, with their feat of bringing to the Empress a bill headed by the French character actor, Edouard Jose, who with his associate players will be seen in the powerful one-act play, "Father," by Henri Bernstein. This is the first American tour of Mr. Jose. He is supported by a company of five, among them being Clay Clement, Jr., son of the late Clay Clement of honored memory.

—that's an easy question to answer.

—Wide Silks are unquestionably preferable in planning a dress, for they cut to much better advantage,—result, "economy";—and secondarily, they are more adaptable to the desired drape or tunic effects,—result, "increased style efficiency";—but lastly, you should buy wide silks at Coulter's today,—because they're extraordinarily far-reduced:

- CREPE de LUXE—\$2.50 yd.
- in light and dark shades, a very popular silk;
- 45 inches in width;
- selling regularly at \$3.50 the yd., today only \$2.50 yd.

Masterbuilder of the U. S.

whose great success lies in organizing into one great working unit the various amalgamated industries of this country, started out in life with the idea that real success was only to be gained by a "community of interests," and all through life he has bent his energies to the combining of interests—banks, railroads, steel mills, etc. Mr. Morgan believes in upbuilding co-operation in industries, and is today probably the most advanced exponent of the idea of "community of interests." He firmly believes that combination of interests and industries is a saving of money waste. He knows men and knows how to interest them and also knows that interesting and enticing a number of men in any one industry will make success just that much easier, for by co-operation only have the gigantic enterprises been brought to success in which Mr. Morgan is interested.

Thomas L. Winder,

attorney, who accidentally shot himself near the heart with a revolver in his office yesterday. There are chances for his recovery.

the accidental discharge of a revolver he was examining. The bullet penetrated the body on the left side about three inches below the heart, and after coursing the ribs, lodged just beneath the skin on the right side of the spinal column. The wound was badly burned by the flame from the pistol and powder marks surrounded it. Dr. George H. Beach, who has a

Winder's office, heard the shot and hurried into the room. Winder was lying on the floor with a new .22-caliber pistol near him. He was bleeding profusely. Dr. Beach summoned the police ambulance and accompanied Winder to the Receiving Hospital.

Drs. Zerling and Kidder decided it best not to undertake to remove the bullet, owing to the patient's condition. His statement was taken, however, before an opiate was administered to deaden the pain.

Winder said he was obliged to remain downtown at night so much lately that he thought he would feel safer with a pistol. He bought a small one at a sporting goods store on Third street and took it to his office, only to discover that he had forgotten how to shoot it.

"I have never had anything to do with firearms," he said, "and I thought I had better get some one to show me rather than experiment with it. I went to the office of Frank O. Wood on the floor below me in the Lankershim building and asked him how to work it. He showed me and then I think I loaded the pistol. I took it back to my office and while examining the weapon it was accidentally discharged."

Winder summoned his wife and son-in-law, L. H. Allen, after talking with them he was removed to the California Hospital, where an operation was performed and the bullet removed. Last night it was said by the nurse that his recovery is confidently expected.

Winder in the past few years has confined himself to office practice. He is a Louisiana by birth and was admitted to the bar in that State in 1870. A few years later he was elected District Attorney. He has been in Los Angeles about twenty-five years. He has a beautiful home at No. 3201 West Adams street.

He was taken immediately to the Receiving Hospital, where Curry had been taken a few hours before, and there identified by Curry as the man who shot him. A few minutes later Curry died.

MANY WORTHLESS CHECKS.

Seven Complaints Issued From District Attorney's Office in Two Days Against Men Who Are Wanted.

Four complaints against spurious check writers were issued yesterday by the District Attorney's office, while three were issued the day before.

The first reported to the District Attorney yesterday involved H. G. Elliot. According to D. B. Jernie, a liquor dealer, Elliot passed a worthless check on him, June 22. The paper called for \$20, and was drawn on the First National Bank of Fresno. Elliot is a horseman, and well known in and about San Francisco. At one time he is understood to have had a string of horses that ran on various western racing courses. Since Elliot passed the worthless check he has not been seen by Jernie, but it is believed he has gone to San Francisco.

A. W. Reese yesterday swore to a bad-check complaint against D. B. Martin. According to Reese, Martin gave him a check for \$25, on the 19th inst., in payment for labor, and the check was returned, marked "no funds." The complaint was issued by Deputy District Attorney Graham, and will be turned over for service to the Sheriff today.

J. H. Wood, Jr., of the clothing firm of Wood Brothers, called at the District Attorney's office yesterday and swore to a complaint against Frank S. Hartgrove. According to Wood, Hartgrove gave him a spurious check for \$23 in payment for clothing. It is believed Hartgrove has gone to San Francisco. The complaint was issued by Deputy District Attorney Doran.

Complaint alleging the passing of a bad check was sworn against J. A. Stimpson yesterday by Frank V. Beville. The letter concerns a store in North Main street, and Stimpson several days ago gave him a check for

SECRETS OF REDS GIVEN.**A Deserter from Tennessee Proclaims Himself.****Insurrectionists Plan Taking of Hostages.****Movement Is in Behalf of Gen. Pryce.**

One of the boldest plays of a desperate man ever evidenced in Los Angeles came to light in the Hollenbeck Hotel lobby yesterday, when Gordon Donahue, a deserter from the cruiser Tennessee, announced his identity and revealed a portion of a plot to save Gen. C. Rhys Pryce, who is trying to escape extradition to Mexico.

Donahue declared outright that Pryce had not killed the postmaster of Tia Juana, the specific charge for which the government officials of Lower California are seeking him.

"The postmaster was in one of the trenches, with a gun in hand, firing at our lines, and was not murdered, but killed by myself in fair fight. I sent the bullet that caught him," declared Donahue.

He was so emboldened that he walked right into the Federal courtroom, where the trial was going on, and listened to the testimony interestedly, afterward acknowledging that were it not for the fact that he is wanted for desertion, he would have offered his testimony.

Last night Donahue left for the South, to join a party of twenty men who are making for the border and who will join the forces of American insurrectionists in the mountains of Lower California, with a plan of absolutely establishing the safety of Pryce. Capt. Smith, an Englishman who was defeated in the election for command of the guerrilla forces by Gen. Mosby, is supposed to be at the head of the scheme, which contemplates the capture of some of the principal officials of government in Lower California.

These are to be held as hostages for Pryce and should the government decide to punish him with death after a trial for the killing, it is the intention to shoot the captured Mexicans. This cold-blooded scheme was revealed through a friend of Donahue who happened to recognize him as an old shipmate. He further stated that there were about 250 men, well armed, scattered through the mountain fastnesses, awaiting the outcome of the present extradition fight in local courts.

Forty-seven minutes from the time that Nancie Davidson, 17 years old, an orphan, with neither kin nor kith, entered the Courthouse yesterday, she was married to Avoy C. Joslin, a contractor, 20 years old.

This is considered a record, for it required intricate proceedings before Judge Willis could legally consent to perform the ceremony.

It took the services of a judge, a humane officer, a lawyer, two county clerks and half a dozen reporters to accomplish the end, but they all agreed that their efforts were worth while, as they watched the happy couple leave the Courthouse.

The girl didn't know how many legal proceedings would have to be had when she promised to marry Joslin. As the couple were on the way to the marriage license bureau, she was informed that she would have to have a guardian.

She had heard of the kindly offices which have been performed by Humane Officer McLaughlin and sought to appoint him. He accompanied her to Judge Willis's chambers.

After hearing the inside history of the application for the appointment of a guardian, the jurist called on a lawyer who was in his chambers, to prepare the necessary papers.

The hearing was set down immediately, there being no relatives to be notified. While the papers were being prepared, the magistrate heard the evidence.

The reporters volunteered to assist in getting the contract closed quickly. They noticed the clerk in the probate department and in the license bureau what was coming, and the officials prepared all of the papers for the proper signatures.

McLaughlin received his letters of guardianship at exactly 20 minutes after 12 o'clock. He exercised his functions for just seven minutes, when he gave away the bride in Judge Willis's chambers.

Miss Davidson was the daughter of Dr. George Davidson of Santa Ana, who was well known in the small city prior to his death, which occurred several years ago.

For eight years she has made her home with Mrs. Mary E. McKinney of Seventy-ninth street and Vermont avenue.

The newly married couple will live at No. 1514 East Sixteenth street.

CLINCHING IS KILLING GAME. AN EXPERT'S "DOPE" ON PATSY KLINE AND JOE RIVERS, THE LITTLE BOYS. RUSSIAN DOING LITTLE WORK.

Queensberry Says it Should Be Suppressed. Low Brawl Dominate Sport Under Present Rules. Referee Should Rule With Mailed Fist. BY THE MARQUIS OF QUEENSBERRY. (Copyright, 1911, by the Marquis of Queensberry.)

NEW YORK, Aug. 23.—The man to be most pitted at the Twentieth Century Club on Tuesday night was Charlie White, the referee. Trained by custom and the desire to give the spectators something for their money, White had to let Papke and Burke pursue a weary course through ten dragging rounds. Persistent clinching is surely a violation of rules and but for the gate money consideration, no doubt both men would have been ordered from the ring.

What ought to be the firm rule has been twisted to an extent into an unwritten law or toleration that the men can clinch so long as one arm of each remains free. This should be suppressed and drastic measures drafted and accepted to stamp out this objectionable practice.

Never before has there been such need of a proper board of control to be appointed by the newly organized boxing commission. Presumably the latter when constituted will only issue licenses and state how far contests should be conducted and be within the law. The board of control of boxing or subcommittee—official or not—should take in hand the revision of the rules and first of all aim to eliminate clinching, which is degenerating boxing into a poor sort of wrestling into very dull fellows.

HIS PLAN.

The board of control might frame rules for America alone and if the result of correspondence showed that there was a desire on the part of boxers in other countries to take part, then there might be rules approved by England, Australia and America. This ultimately would draw the bonds of friendship in sport closer together.

I have been asked whether the referee should be in the ring or not. There is only one answer—the display of Tuesday—the disgraceful show would have been even worse, if such a question of degree be possible, if White had not been there to separate the men almost as many times as there are stitches in a pair of boxing gloves.

I have met White and complimented him highly but most deservedly on his indefatigable efforts and his keen appreciation of the difficulties. White certainly had many, and no wonder he displayed his disgust and let the men hear him too. The fact that they headed him while he was touching them must not be misconstrued into disrespect for the official. It was simply a question of degree that they meant to embrace instead of fight. If they did not wish to hurt each other at all, certain they could have put in some practice work.

A referee here has to give no decision, but the work is not lightened in consequence. What struck me was that both Papke and Burke did not listen to White, but submitted most placidly to his strong arm intervention. A word of command should be issued to him and it should have a strong moral influence on the men. This should be hammered into every boxer until he is made to understand what the importance of the referee is. Disobedience should be dealt with as summarily as a jockey has to meet penalties for not complying with the orders of a starter.

Fine Effect.

"Dummy" was so weak after the second blow to the stomach that Referee Billy Johnson stopped the bout.

BY DE WITT VAN COURT. (Mr. Van Court will describe the Conley-Kline boxing contest for The Times.)

IT SURELY is a treat to see a fighter in such good condition as I found Patsy Kline yesterday at Doyle's training camp. It would be a grand thing for boxing if all fighters who had a contest on hand were compelled to train with as much care as Kline has for his contest with Conley.

Physically he looks perfect, but for a fighter he looks a trifle muscle bound around the shoulders. Judging from his workout yesterday his wind could not be better. His skin looks firm and tough and he should be able to stand

the hardest kind of going without becoming distressed in the least.

While he was never noted for his cleverness, he is a hard hitter with either hand. He has been given credit for having a hard left-hand punch, but his hardest blow is with his right. He bends his right arm when he hits just at the right angle to get the most power out of it.

While he is not quite as clever as Conley, he hits as fast, and as neither man is very fast on his feet I look for a toe to toe fight, just the kind of a contest that will appeal to the gallery.

Conley is a little taller and has a longer reach, which is quite an advantage in his favor, and if Frankie depends too much on his right hand he is liable to make a mistake.

When two sluggers like Kline, and Conley get together, the man with the quick right hand always has a good chance to win. While it was plainly shown in Conley's training that he was practicing to get inside of Patsy's left hand swing with his right, it will pay him well to watch Kline's right while he is doing so. While Conley should perhaps win the fight on "dope," it will not pay him to take too many liberties with Patsy.

I was also pleased to see Joe Rivers in such good condition so early in his training. While a little soft now, he has just enough to work on to put him in the finest trim for Labor Day. Joe has only his brother Andy for a boxing partner, as yet, and as Andy is getting into condition himself, we will not see Joe boxing at his best for at least a week.

I was very agreeably surprised at Joe's line of talk about his fight with Kline. Joe shows very plainly that he still has his head with him. Many young successful fighters, such as Joe has been, would show about this time, a slight swelling of the head.

While he is very modest and confident about his chances, he does not for one minute hold Kline cheap. While he thinks he will win, he frankly admits that he will have to be in the finest condition, and be prepared to carry the fight to Kline as far as he can from the start. He also admits that John is very fast, clever and a difficult man to hit hard. When a younger fighter along those lines and admits the other fellow having a chance, he surely shows a good head.

CAMP PERRY SHOOTING.

CAMP PERRY (O.) Aug. 23.—[By A. P. Night Wire.] Shooting at three ranges in the national individual match of the National Rifle Association was completed today. Sergeant C. M. King of Iowa, led up to the 1000-yard range with a score of 240.

Staying With It.

ALL CALIFORNIA PLAYERS AT NEWPORT VICTORIOUS.

NEWPORT (L. I.) Aug. 23.—Fast work today again marked the national lawn tennis tournament, in which the third round was completed.

There were no upsets. On the grand stand court Thomas C. Bundy, California expert, winner of the all-comers tournament last year, and a member of this year's Davis cup team, defeated Dean Mathey, a young Princeton player. It took Bundy four sets to win. Mathey completely outplaying the Californian in the third set.

Beals C. Wright of Boston, a former champion, earned a quick three-set victory over W. S. Anderson. Melville H. Long of California was forced to play four sets to win from L. H. Waldner, the Middle West veteran. M. E. McLoughlin won easily over C. L. Cole. G. F. Touchard, the indoor champion, and the winner with R. D. Little of the national doubles championship yesterday, played an erratic game against H. C. Gates of Montclair, N. J., and had to play five sets to win.

Little took the measure of F. H. Harris of Dartmouth in straight sets. The national champion of 1888 and 1889, H. V. Slovic, showed his ability to "come back" by defeating L. C. Curtis II in straight sets. Sumner McLoughlin defeated Cole, 6-2, 6-1, 6-1; Long defeated Waldner, 6-2, 3-6, 7-5, 6-1; Bundy defeated Mathey, 6-1, 6-2, 0-6, 6-3; Bull defeated Johnson, 6-4, 6-8, 6-8, 7-5, 6-2; G. F. Touchard beat F. M. Gates, 6-2, 4-6, 5-7, 6-3, 6-1; Little beat Curtis, 6-4, 6-2, 6-3; Gardner defeated Buriton, 7-5, 6-2, 6-4; Washburn defeated Middleton, 6-3, 6-2, 6-4.

Waltz Out in Sixth.

NEW YORK, Aug. 23.—[Exclusive Dispatch.] Jack Denning knocked out Johnny Waltz in the sixth round tonight at the Long Acre Athletic Club. From the beginning until the final blow was struck the bout was a fast one, with Denning having the better of his man.

Harpessed At Last.

M'CREDIE SUSPENDED; FLAYS UMP HILDEBRAND.

PORTLAND, Aug. 23.—[Exclusive Dispatch.] Walter McCredie, suspended this afternoon by President Graham, is taking his suspension philosophically, and says that he has turned the case over to his uncle, Judge McCredie, to negotiate with President Graham for his reinstatement.

McCredie watched today's game from the grand stand. He said he would probably suffer a sequence of suspensions throughout the remainder of the season if Hildebrand continued "to vote a chip on his shoulder," as Walter says he has in the past. He continued:

"Hildebrand has been robbing me of games all season, and I am getting tired of it. Every time there is a close one it goes against Portland. He has not been treating us fairly throughout the season. Personally I don't know how Hildebrand feels towards me, but he probably remembers a day back in the Outlaw League when at my suggestion Bill Dunleavy waived the last round of him. He was one of the worst umpires ballers that ever wore a uniform. In fact, he disgusted his own team-mates.

"One day in the Outlaw League when Oakland was playing against Sacramento Hildebrand rushed in from left field and charged on Umpire Jack O'Connell. He came in swinging both hands, when Jack let fly and knocked him prostrate. He got up and slunk back to left field, while the crowd roared and jeered him. That's the kind of an umpire we have in the Coast League. There may be something interesting for the fans and President Graham in a few days."

McCredie closed by saying that he would see to it that Hildebrand does not umpire in the Coast League next season.

WHAT HAPPENED SUNDAY.

The incident which caused the suspension of McCredie followed Umpire Hildebrand's decision, calling Barry out in the ninth inning of the Los Angeles-Portland game Sunday. The decision cost Portland two runs and the game, which stood 2 to 3, in favor of Los Angeles.

With two men out and men on second and third, Barry bunted the ball after a hit and run signal had been given. Barry tried to beat the ball to first base. The ball dropped between fifteen and twenty feet in front of home plate and was fielded by Catcher Abbott, who threw to Dillon at first base. The ball hit Barry on the shoulder and caromed over Dillon's head. Hildebrand, who had run almost the entire distance to first base at first base, declared Barry out. In the meantime, McCredie, the two base runners had crossed the home plate.

Hildebrand's decision was not clearly understood until the umpire approached the scorer's box and explained to the newspapermen that Barry had "cut in" about six feet

when nearing first base and was called out for running out of line.

In the midst of the explanation Walter McCredie ran up to Hildebrand, and shoving him on the chest with his open hand, used it to aid, strong language, in which he accused Hildebrand of "robbing" Portland of the game in order to gratify an almost personal spite against Barry.

The group was swelled by practically all of the players of both teams by President Graham, and by hundreds of excited fans.

The rumpus was ended by the police sending Walter McCredie from the grounds in accordance to an order by Hildebrand.

DUCKY HOLMES TO MANAGE VICTORIAS.

VICTORIA (B. C.) Aug. 23.—It was announced here tonight that William "Ducky" Holmes had been purchased from the Mobile (Ala.) club to act as playing manager of the Victoria team of the Northwestern League.

Holmes is to join the Victoria club at Spokane next week.

MISS TAFT WINS TENNIS LAURELS.

MAGNOLIA (Mass.) Aug. 23.—[Exclusive Dispatch.] Miss Helen Taft, daughter of President Taft, covered herself with athletic glory today in the ladies' tennis doubles tournament, when she and her partner, Miss Harriet Curtis, the former golf champion, defeated Miss F. Woodmansee and Mrs. Allyn. They had to work hard for the first set, 7-5, but the second came easier at 6-1.

Miss Taft's service was decidedly unique. The gallery was surprised to see her serve with her left hand, whereas all the rest of her game is played with the right. She seemed to be able to get the ball over all fight with her left and her dexterity in shifting the racket to prepare for the return made a hit with the spectators.

Miss Taft played a consistent and at times brilliant game.

GOSSIP ALONG GASOLINE ROW

W. J. Burt has returned from the Auburn factory. The 1912 Auburn line is to be a dandy according to the local agent, who is preparing for a strenuous campaign. The announcement of the line is to be made in about a week.

That meeting at Santa Monica was a hummer. The way Chairman Carl F. Schader swung into line at the crucial second made a hit with the motor men. He saved the day and raised that money so fast that it made some of our heads swim.

There is a rumor afloat that the Inter-State is to have a roadster this season that will revolutionize prices. Well what ever the price is, provided the car is in the low-priced division and is as classy as the touring cars turned out by the Inter-State people, there should be something doing.

W. D. Howard has not taken that ride in his new "Six" roadster yet. He promised to have the car on the streets this month, but he has not made good yet. We are waiting for you Bill. Come through and give us a chance to see the roadster.

The Santa Monica road race will be held Saturday, October 14. That was settled when Mayor Dudley made that speech. He has always been a booster for the Inter-State people. Too bad he refuses to run for Mayor this year, but there are others who will be able to fill his shoes and we may be able to recall him, that is, if he brings him back again, a few years hence.

Joseph Ollier is looking over that telegram from the Studebaker Bros. Company authorizing him to enter the Planners and the "M. P. Trophy" in the Los Angeles-Phoenix automobile road race. Stripped to the guards these two cars should make a hit as they shoot away over the roads for the distant city.

George Purdy Bullard wires from Phoenix that he will make \$5000 for the big road race. He says the money is coming in more easily this year than it ever did before. There is enough enthusiasm on tap in Arizona to make two such road races. Bullard is just the man to handle affairs at the far end. He expects to visit Los Angeles again before the race, but some and has all the latest refinements in the meantime he would do better.

CHESS NOTES.

W. E. Langdon yesterday resigned his game against Dr. H. Stephen Smith of San Diego in the Southern California chess correspondence tournament, thus bringing the score of Smith up to two wins and no losses, and giving him the lead in section 12.

After 168 games contested in the mutual tournament, Pierce leads in both totals and percentage, with Holt second. But thirty-six games remain of the schedule.

The summary of games played by the leading five contestants is as follows:

	Played	Won	Lost	P.
Pierce	25	23	2	.88
Holt	24	21	3	.83
Smith	22	18	4	.82
Wendell	22	14	8	.64
Woodbury	18	11	7	.61

In the handicap tournament no change has taken place in the relative positions of the leaders, but Fletcher has completed a total of twenty games with ten and one-half won and nine and one-half lost, dropping to .625 percentage, while Whipple has finished the same number of games and dropped to .409 percent, by losing a total of twelve out of the twenty. There seems every indication of a practically completed schedule on September 2, the date of closing the contest.

COLUMBUS MEETING.

Harness News Struggle On Slow Track and For the First Time Since Opening No Records Are Broken. (BY A. F. NIGHT WIRE TO THE TIMES.) COLUMBUS (O.) Aug. 23.—After the record racing on the previous days of the meeting, the performances at the National Breeders' meeting this afternoon seemed tame. The rain of last night made the track a trifle slow. The weather was threatening and a stiff breeze blew down the home stretch. Summary:

The 2:14 trotting, three in five, purse, \$1000: Electric Todd won second, third and fourth heats and race. Best time, 2:10 1-2. Gordon Todd won first heat, time, 2:05 1-4. Eva Tansley third.

The 2:12 pace, three in five, purse, \$1000: Longworth E. won in straight heats; best time, 2:11 1-4. George Orfel, second; Wiley Penny third.

The 2:08 trot, three in five, purse, \$1000: Arlo Leyburn won in straight heats; best time, 2:07 3-4. Bin Vola second; Grace third.

GRAND CIRCUIT.

FAST RACERS STAR. (BY A. F. NIGHT WIRE TO THE TIMES.) GOSHEN (IN. T.) Aug. 23.—The 2:15 pace proved the most interesting feature of the card at the Grand Circuit meeting today. The 2:12 trot went to Al Stanley in three straight heats, while Buck Leyburn captured the two-year-old trot, in successive heats. Results:

The 2:12 trot, purse, \$2000: Al Stanley won in straight heats. Best time, 2:11 1-2; E.D.M. second; Raffles third.

The 2:15 pace, purse, \$2500: Foote Prince won fourth, fifth and sixth heats; best time, 2:11; Babe won second and third heats; best time, 2:14 1-4. Charlie won first heat; time, 2:08 1-4.

Two-year-old trot, purse, \$2000: Buck Leyburn won in straight heats; best time, 2:08 1-2; Baron Peter second; Belgrade third.

BIDWELL, RACING SECRETARY, MISSING.

(BY A. F. DAY WIRE TO THE TIMES.) LEXINGTON (Ky.) Aug. 23.—The State racing commission today declared vacant the position of W. E. Bidwell, secretary of the body. Bidwell has not been heard from since early in July.

J. Pelham Johnson, an attorney, was selected to succeed him. Bidwell's deal was broken open and the papers therein found to be in good condition.

More than a score of entries for the \$12,000 endurance stake to be contested on the Louisville track, including some of the most noted horses on the American turf, were found in the safe.

WILLIE BEECHER TO COME WEST.

Manager McCarey yesterday received a letter from Willie Beecher, the little 122-pound champion of the New York, saying that he would come to Los Angeles about the middle of September and would like to be one of the better lightweights in California.

Beecher is the little whirlwind who has won four decisions over "Knock-out" Brown, the wonderful little fighter who earned a newspaper decision over Al Wolgas.

McCarey thinks that he will be able to arrange a match between Beecher and one of the numerous little fellows now in Los Angeles.

sliding down a twenty-foot slope. Luckily neither the horse nor rider was injured.

Dr. H. C. Royer and Ben Zuckerman have returned from a trip to the head of the Snake. They were out twelve days and report trout and deer to be abundant in that locality. Royer, who is an authority on fishing matters, says there is no foundation for the fear that water-snakes are exterminating the trout. He says that the snakes do get some of the fish, but not a great enough number to cause the sport any danger. Although there is known to be a generous supply of rattlers in that region, neither Royer nor his companion saw a single one during the twelve days they were out. The pair took rides in the trip, but he did not have much to say about deer on their return, except that there are plenty there. Dr. Royer is the originator of the "South Coast Minnow."

Otto Olmiger has returned to the city after a few days on the West. He has seen a number of deer and fawns, he met but one buck. He succeeded in getting that one.

J. P. Bull and a small party left a few days ago for the San Jacinto Mountains, where they will try for deer. The party is very lightly equipped, it being their intention to tramp and pack a good distance back into the mountains. Since they left the city nothing has been heard from the hunters, and it is supposed that they are so far from civilization that they have not had a chance to get word back. Bull, who is the "gunman" for Dyna-Oline's, is carrying a 24-46 Marlin. He is an excellent shot and it will be strange if he does not bring back a buck. Bull and his party expect to be gone about two weeks.

Conley, entered the little pavilion where Conley works out and asked whether Conley was ready for a few rounds of work.

The little fighter leaped to his feet like a cat and rushed into the ring. Things began to happen with great velocity after Conley's entrance. Under, struggled to keep the featherweight away from him without avail. Conley was everywhere at the same time and after three rounds Uaboh shook his head and started from the ring. His nose and mouth were bleeding and Conley was prancing around the ring asking for another round.

Harry Gilmore, Conley's manager, dropped into the ring and, again the fight started. Conley tore into his opponent like a cyclone and within two rounds Gilmore left the ring thoroughly exhausted while Conley begged for more victims.

After his rub down and when he was reclining in one of the camp chairs in the grounds of the St. Ignace Club, Conley told his friends that there would be nothing to his fight with Kline.

"My fellows," he said looking sidelong at his friends, "know that I just have to win for" and he looked up toward the window of the room occupied by Mrs. Conley, "I'll be meeting money shortly."

thoroughly agreed with the sentiment expressed by many yachtsmen at the Arlington smoker, who declared that in Barbara a fair common ground on which to race the northern and southern-built yachts. While it was pointed out that the Yankee, a northern-built boat, was too heavy for these waters, it was shown that the Yankee was heavier than the majority of boats in her class sailed on San Francisco courses.

A Skin of Beauty Is a Joy Forever.

Dr. T. Felix Gouraud's Oriental
Cream or Magical Beautifier.

"Gouraud's Cream" is the best I have ever used. It has made my skin so soft and smooth that I have received many compliments. I have used it for several months and have found it to be a most valuable skin preparation. It is especially adapted for the Oriental skin, but it is equally good for all skins. It is sold in all the leading drug stores and beauty parlors. Price, 25 cents per box. Dr. T. Felix Gouraud, 27 East 12th Street, New York.

Certain society favorites deferred buying "intimate" lace and ribbons for a few days. An authority on gloves denied herself the joy of purchasing a box of a dozen pairs which she might just as well as not have had—she won't buy them until next week. Another dainty feminine creature steamed over the wash-tub all day, struggling with the family linen. No doubt she went to an osteopath the next morning and had the path of her neck and shoulders kneaded out of her muscles; and to the beauty specialist to have the lines of worry and fatigue ironed from her face—but that's another sacrifice. Business women burned up shoe leather to save car-fare—and the nickles and dimes rolled into the campaign coffers.

But all these apparent sacrifices of lace and lingerie, of gloves and silk stockings; all these heroic achievements of marathon races and wash-tub bathtubs, have no foundation in fact or being. No real self-denial is even intended by these sporadic outbursts. They are merely examples of indirection peculiar to the mind feminine.

**WOMEN TAKEN,
MEN GO FREE.**

CHIEF BLAMES OFFICERS FOR
PECULIAR ACTION.

Declares Men Should Have Been
Taken to Jail and Released Under
Bail—Woman, Said to Be from
Respectable Part of City, Don't
Appear for Trial.

A disorderly house, No. 501 East Third street, conducted by a woman known to the police for several years as May Larson, was raided Tuesday night by Patrolmen Wedge and Marks, and three women arrested. Three men, who the police officers declared, are prominent in the city's business life, one being a banker, were found in the place. The men were given the unpleasant experience of being made to stand on a street corner with the officers and the women. Then, summoning their courage, they swore the police officers to their word of "honor" not to divulge their names.

The women were taken to the Central Police Station, where they gave the names of Alice Roberts, Kittie Manners and Nellie Boyd.

Despite these names, the police say they are young married women, living in a respectable part of the city. The women gave \$50 bail each and were released. They have not been seen since.

A short time after the women had gone a taxicab drove up to the Central Police Station and the three

men, alighted and hurried into the office of the Metropolitan Squad, where they again asked the patrolmen to give their word that their names would not be divulged, believing in their extreme state of nervous agitation that one promise was not enough.

May Larson was not in the building when the raid was made.

When Earl Busse, of the Metropolitan Squad, was arrested for having received a bribe, several persons of the underworld asked why May Larson's place was never visited by police officers. It was declared in the same breath that the Larson woman was given protection.

The Chief of Police yesterday afternoon criticized the manner in which the raid was made and declared that the men should have been taken to the Police Station and held under \$500 bail as witnesses, while the ball of the women should have been fixed in a like amount. The Chief also took exception to the police officers giving their word of honor that the names of the men would not be divulged and declared that officers have no legal right to do so. Bench warrants will be asked by the Chief for the three women this morning for not appearing in the Police Court yesterday, and if he finds it necessary to summon the men as witnesses, he said, he will not respect the word given by the officers, as they had no right to give it. If allowed to stand, he said, it may defeat the ends of justice.

DEPREDACTIONS AROUSE POLICE.
"I Won't Work" Gang Cut Air Hose on Cars and Make Effort to Cripple City.

BRAWLEY, Aug. 23.—Depredations by the I.W.W. gang here have roused the wrath of the police department and created indignation among the citizens. On Saturday night the air hose of all cars on the tracks of the Southern Pacific Company were punctured by miscreants, round holes being cut, rendering the air brakes useless. Inspection by the train crew revealed the trouble when the air brakes were tried out, and an investigation revealed the cause of the trouble. Every car had been tampered with. The Southern Pacific Company has detailed a special detective to capture the criminals.

The same night attempts were made to injure the city water system, by smashing the connections in the Depot Park. Failing in this, property belonging to the city was injured and the pretty summer house defaced by firing labels of the I.W.W. organization. An active search is being conducted for those guilty of the crimes.
